Chapter 1 ; Questions Answered...?

No POV
"..And your team is safe from elimination!" Donut had called out. He was doing his job. An temporary host of sorts and was doing the 8th challenge for the season. He had began the question, putting up an blue card and reading it out loud.

After a few seconds, Pen buzzed in and answered correctly. Donut extended his arm to point at pen, yelling "Correct!" The events happened so fast, poor Bubble was confused.. Donut glanced to iance, where they were arguing. He rolled his eyes.

Donut picked up the 2nd card, with the next question. He held it up, reading it. "Question 2!" He heard an buzz from iance, looking at Bubble. "Bubble?" Donut had asked, unconcerned about the trauma Bubble is going through. She had death glares from both sides, Match and Snowball weighed her down with tons of guilt. She had gotten nervous and stupidly answered.

Bubble looked over to her left to find Firey laughing at her answer. "Yeah Bubble, that's wrong." Donut firmly stated rather irritated. Match continued to yell at Bubble. I looked away for one second, than looked back to find Bubble crying on the floor yelling. "NOOOOOOO!" I facepalmed. Donut glanced to another buzz, and Cloudy had gotten it right. "...Yes."

Donut had gotten rather tired, and felt something lurking. He felt like he was being watched and began to glance to his surroundings, feeling wary and unsure of himself.. The contestants shortly caught on. "Y-You o-okay?" Lightning asked, as he was concerned over how nervous Donut is. "Y-Yeah! I'm fine. Don't worry! Third question." They continued on, but ABNTT was being skeptical.

GB had whispered to TB. "Something's up with Donut."

"I know.."

"We should do something."

"First, let's finish this contest."

"Okay."

After the whispering, Saw attempted to answer, and blurted out "EIGHT!" Though, he knew the answer was glue. It must've been the fumes he inhaled earlier. Meanwhile, the losers were having an pep talk, and Cake got it correct.

Donut hesitated, and glanced around him anxiously. Finally, he said the words to make the team feel proud, "Correct." He said it in an bored tone, but he was mostly irritated and scared. Something is watching him, and he just can't get it out of his mind...

Donut shook his head and scolded Barf Bag for their stupidity. He was beginning to get frustrated, and stated the next question firmly. He gave his team an unfair advantage, and had an furious look in his face. "I'm fine." He said, one last time. He hated the curiosity and questions.

Saw buzzed in, saying eight once again. He told him he was wrong. Rather irritated, and calmed down. Barf Bag finally buzzed in, answering with pure confidence, cheering up Donut, a little. He looked behind him, and felt an shadow looming over him. He cheered though, brushing it off.

Free Food scolded Donut for trying to cheat purposely, but began to worry... He was crossing his arms, looking around in an heavy panic. There were whispers among the teams as they couldn't figure out what was happening to Donut. Grassy was being gently stroked by Blocky. "Grassy worried about Donut!" He called out, rather in an crying matter. Blocky hushed him gently.

"He'll be fine! I'm sure it's nothing." Grassy nodded and wiped her tears away and raised his arms up. "I'm Grassy!" Blocky chuckled. Donut sighed, and looked around one last time before asking the next

question.

"Question 5... What's 1 + 1?" He said, rather sluggishly. He was panicking, looking around and hearing voices in his head. Somebody was watching him, he noticed an buzz in from Saw, and he got it wrong again. Donut grabbed an audio recording of Four's screech and tried to punish them, which didn't work. He used it on himself than suddenly he had gotten knocked out.

Golfball confidently buzzed in, "2!" He was tired, and had an deep voice with bags under his eyes. "Correct." He began to actually be nervous, curling up in a ball as he read questions. The contestants were concerned about the sanity of the dessert.

"Shouldn't we help?"

"No! He'll simply push us away." Golfball told to her platonic friend. They tried to discuss an way to help Donut reconnect to his senses. Donut grabbed the next question swiftly and read it, he got up and chuckled awkwardly. "What's the past tense of eat?"

"EIGHT!" Donut glanced at Saw, but was surprisingly correct. He rolled his eyes and gave an small thumbs up before going to the next question. But he realized there were only 2 teams left. Iance and Free Food! He called them out, and asked the deciding question. "What's my favorite season?" Donut turned away, looking around his surroundings.

He felt something trying to grab him, and kill him. He was an prey to a predator. That's when I heard the buzzer. "Summer!" Free Food had won.

Iance was up until, Donut began to get angry. "What now?" Match looked at Donut, placing her hands on her hips. "Like, no." Donut was getting even more angry by the second, and felt blood coming up his mouth the more he spoke. Match took out footage, but that's when he had snapped. It was too much for him to hold on to.

Donut yelled. "Gh-!" Match was beginning to get concerned, and placed away the footage, taking steps back. Donut covered where his "ears" were, and closed his eyes and crouched in an painful state.

"Donut? Are you like, okay?" She began to get a lot more concerned about the poor host instead of her team. His eyes shot up, and he stood up with blue eyes.

Match fell back, startled by his sudden movements. "Donut.. This isn't funny." She chuckled, awkwardly. Donut grabbed her and... snapped her in half.

Free Food and Iance knew what they needed to do, and ran for their lives. They called out for the other teams. "Donut is trying to kill us all!" Fries called, as he saw Donut coming right for the contestants. They knew they had to scatter, and ran. Everybody panicked. It was an horrifying sight, it seemed as if an serial killer, or even Metal Leafy tried to kill them all. Blood was scattered everywhere in the fields as they had ran into the forest.

Feathers, Water, and Blood was spilled. 3 bodies laid there unable to escape the pain of Donut's wrath. He laughed insanely, and gave an warning for the contestants. "One final challenge..."

"Survive."

Golfball's POV

After we heard Iance, Freefood, and Donut's warning, we ran for the forest. We decided to stay together, and obviously place me as leader. I sat on TB's head, urging him to run. "Come on! We can't die from him!" I called out, irritated. TB yelled at me, "I'm trying!" We kept on going, and shortly arrived in the forest. "Grassy is scared.." Blocky picked up Grassy, and comforted the young tuft.

We had 74.632% chance to live, but I don't want to risk it. We hid, and laid low until morning came to continue rubbing. The stakes are high, and the chances it surviving will begin to get lower. I heard screams in the distance and had gotten off of TB. "We'll have to hide until morning. It's risky to run at night."

Pen's POV

I had crossed my arms, glancing around my team. I wondered how Eraser and Blocky were doing without me. I looked at my team, who

loved to prevent death. I wanted to be loyal, and do the same thing. Everybody was talking. "We have to keep on running, we can't risk fighting back and killing somebody." Pie said, still with his relaxed tones. "I agree! Teehee!" Bottle responded, she wasn't aware on how risky things are. Tree was still stuck inside of Bottle, and kept on tickling Bottle with any movement he made. "This is seriously uncomfortable..." He muttered, as he tried to tug himself out.

Remote sat by Black Hole, simply conversating about certain events. We were all unsure if we can prevent many deaths due to the stakes of Donut's insanity. I had an weak smile as I sat by Pie. "Hey Pie!"

"Oh, sup Pen?"

I began to try to do small talk, to lighten the mood. "Where do you think we should do next after morning comes?" I asked, with an slightly postive tone.

"Well, we should probably try to look for other teams to prevent their death." The others joined in. "I agree!"

"Fine by me."

"Sure." I chuckled, we were all close friends and decided to rest in the trees for tonight. (No pun intended.)

Ruby's POV

I huddled near Bubble and Flower, talking happily. "Well, we should stay close so Donut can't pick the team one by one!" Flower nodded, showing an thumbs up. "Sounds good!" Bubble grinned. "Yoi!" Snowball and Lightning were talking, ignoring me. Which I perfectly understand. I pitied Fanny, she said alone by herself. I knew Bubble and her were friends. "Hey, why not talk to Fanny?" I looked at Bubble and Flower realized and agreed.

"Okai! See ya soon!" She walked over to Fanny, who enjoyed her comfort. "Good job Ruby! I'm glad you're able to take leadership." I giggled. "Flower, thanks!" The sun was setting, and we were soon to rest until we heard an zap sound. "W-What the?"

"RUN!" We heard an voice. Clock was running towards our direction,

than we looked above, seeing Donut. We shot up and ran as well. We observed their team to find 2 of their team members missing. Cake & Eggy, whom I assumed died an horrible and brutal death. We dashed for it, and I held tight to Bubble's and Flower's hands. Both were sensitive to death.

Firey's POV

I saw as Needle ran ahead of us, she was fastest and was running with iance. We had to keep on going, I saw various streake of white, as it tried to hit us.

Poor Cake was eaten by Donut and Eggy got hit with an big zap. I was nervous as Loser wasn't with us before, and we knew that we have to stay determined due to Pin's pep talk during the contest. I was noticing Coiny getting behind, I ran back to grab him and threw him forward.

We turned direction, and kept on running until we heard no sign of Donut. We saw iance nearby, and came to huddle nearby. Clock huffed. "We lost him. We need to hide, and make it quick." He was demanding but knew the best for our team.

Coiny pointed up to the trees. "Why not hide in the leaves?" Everybody agreed, but I froze, hesitant. *Leaves...* I nodded, agreeing with the others. We climbed in the trees and hid, iance decided to follow us and we slept in the trees until morning.

Long first chapter yall hehe so uh enjoy this new AU series by my friend and I (credits to mono for the AU and perms to make it an legit story)

ok bye, the other 4 teams will be in the next chapter.

Edit: I'm aware saw is a girl just stop please.

Chapter 2 ; The Others

Book's POV

Even if I hated Taco, we had to work together just for this once to avoid Donut's wrath, morning came and we all gathered together. "Where do we go now?" I had missed Ice Cube. She was one of the first to be murdered.

Lollipop stepped up, placing her hands on her "hips" and gazed at us. "We, aould be better off on Yoyle City, off of the island." Teardrop nodded. "Right! But where is it?" I had forgotten the location of the formerly inhabited city. Teardrop had pointed to an direction, and we began to walk.

"Guys.. I'm unsure if this is trustEIGHT!-worthy.." I shrugged. "Saw, do you perhaps have any better ideas?" Lollipop gazed at her, as she shook her head. "Good." We continued to walk.

Barf Bag's POV

Our own teammate's turned insane. I'm concerned about Donut, and I hope we could still save him. Firey Jr had died in our own arms... He never deserved that, even if he was an asshole.

I grabbed some apples off of the trees and met up with Spongy. "Here, can you walk?" He nodded. "Yup!" Spongy had injured his ankle earlier, and it appeared to had healed. Gelatin was still trying to make up jokes. "Tinkle! Donut has the tinkle again!" He giggled with Naily.

The truth was far worse, but I'm sure he was truly trying to lighten up the mood. I glanced at Bomby, who looked out in the distance. I sighed, "Hey.." Bomby looked at me, nervous. "Life is cheap.. But, Donut's life is valuable and I'm afraid for his life." I was rather surprised.

That was meaningful.. "I understand, we'll do our best to snap him out of it, I promise." I took my hand out, and he had an weak smile plastered on his face as he had taken my hand. "Come on." We decided to stay in the forest. We were mostly prepared to flee if needed, or go out to seek for others.

Balloony's POV

I held up Rocky. "Hey little one... We'll be safe, I promise!" I couldn't exactly promise it, our lives were in jeopardy and most of our team is missing. It was only Cloudy, Rocky, Woody, and myself. Nickel and David were nowhere to be seen.

I merely guessed they died. Woody pointed to Rocky, and did finger guns. "Oh! We can use Rocky as an gun with his barf as bullets!" Woody nodded, eager. Cloudy joined in, "Thatz a cool weapon to add to my gollection!"

Rocky nodded with an happy noise, and we all decided to stay put, we were rather weak with only 4 of us. I felt bad for the other 2, but I hoped they were safe. "Well, I guess we stay here." We chatted about some other contestants, though Leafy was an sensitive topic to us... Oh well.

Foldy's POV

I had sat with Stapy and Marker, silently talking to each other as everybody else had somebody to comfort each other. Well except Eraser, but he's trying to steal Fries' food. It's expired, so that's a bit pointless.

"How do you think we should escape this?" Stapy asked. I sighed, unsure of what to do. Marker took out some dirt from the ground and held it up. "We could dig an underground base!" I laughed, "Yeah! We could, maybe even play toss the dirt to see who gets the most dirt dug!" We joked around, giving such an dark atmosphere some small light.

Needle's POV

I had silently began to scoot by Pin and Coiny, who were talking in

the leaves. "Hey Needy-!" I slapped Coiny, "Whoops, sorry instinct! Also, please don't call me Needy." Coiny chuckled. "Sorry! It's okay." Pin joined in, "I'm glad to be with you both. But, we should figure out somewhere to go before risking our lives." We agreed, as we slid down the trees to see the rest of our team chatting with each other.

"We should try to run from Donut, I'm fast enough!" I chuckled. "We all are." Firey groaned. "But you're fastest!" Everybody else agreed among themselves. We had all decided to stay in the forest until we find one last team to try to escape from Donut. It's the only choice.

There is no other choice.

Or is there?

FACTOR ZERO

Chapter 3 ; Cracking Glass

X's POV

I've hid from the contestants for awhile, and was forced to stay hiding... Donut, he's killing them all. It's time for me to come out, I can't just stay as an coward forever.

That's not right.

I began to try to climb out, screaming as I fall out, landing face first. Everybody in Free Food begins to crowd me, wondering where I came from. I sat up. "H-Hi?" I waved, gently. Fries was startled. "X?! Where did you come from?" I pointed on the top of his fries. "Huh.. So that's what Gelatin meant.." I nod, and explained what I did. "Can't you solve this?!" Foldy asked, with brutal concern. I began to sweat.

"Well the thing is... I don't know what happened to him! This wasn't because of me or Four, I think." I was rather confused on how Donut got into the position he was, but I muttered to myself. "Well, we have to do something.." Fries said, a little more determined. "We need to find other survivors~" Puffball chimes in, with her melodic voice. I nod. "Thanks for helping everybody! I do appreciate it... Puffball isn't wrong."

"Than let's get going!" I followed Free Food, hoping to inform more of the other teams... If they are even alive, actually.

No POV

The losers and iance had decided to stay together, until they began to hear growling. "W-What was t-that..?" Everybody perked up at Lightning's comment. Zapping was heard. Everybody screamed as the Losers and iance ran. Fanny was too slow, and wasn't able to catch up, suddenly being shot down and was left to die by the others.

Needle directed the others forward. "Follow me!" Donut kept on following, he had killed Fanny. They were crying, scared, "I can't die now!" After an hour or so, they had stopped to take breath. It appeared Donut had stopped following them. "We're missing somebody." Firey looked around, and noticed iance with less members. Bubble realized. "Oi no! Fanny!" She cried out, "I left her... I'm so sorri!"

Flower and Ruby comforted her. "There was nothing we could do about her. It's okay Bubble..." Everybody knew they had to keep moving and looking or they'd be dead as well with Fanny. Little did they know, somebody else was dead.

Donut's POV

What the hell is going on out there? Ugh... I felt dizzy, and I couldn't feel like I was controlling my body, but I watched myself move..

and kill others.

I'm here, Donut.

...Who was that? I knew somebody was watching me, and why was I doing this?! I tried to move, but felt frozen in place, but watched as I moved, without my consent. I believed I had lost my body... But due to what? And how?

The factor of four, or shall I now say... Zero?

My name isn't Zero, I'm sure you, invisible voice knows that.

I'm not invisible, infact you've met me before..

What? Explain who you are and why you're controlling my body! You cruel creature!

Donut, don't call your HOST that.

...Four? What the FUCK are you doing? Give me my body back!

No! It's enjoyable to watch you suffer by killing your friends.

How dare you... Just give me my body back! This feels so weird, it feels like I'm controlling my own body, but I'm not. Do you actually plan on just using my body to kill others? My friends? Teammates? Your contestants?

Haha, I can easily regenerate them.. This is like an horror movie, and you're enjoying the show!

This show is horrible, just stop.. Please.

no.

Lollipop's POV

We began to try to escape to Yoyle City. It seemed like an good place according to Book and Ice Cube. I began to hear noises from behind, I noticed Donut gazing at me, with an sinister smile. "We need to go.. NOW." Book looked in my direction. "Yeah uh..." Book began to... Book for it, pun intended. We had to run, and it was insane how swift Donut was able to catch up to us.

Suddenly, I noticed Gaty get grabbed and materialized into an messed up sketch.

Crap.. He has Four's powers!

We began to arrive by the Goiky canal, and dived right into it, and had to hide until Donut passed by. We slowly got out, breathing heavy. Poor Gaty, we avoided her dead corpse, as we began to try to find an way to craft an raft to swiftly exit the island. It isn't safe anymore to even try..

Nickel's POV

I ran off with David, but he was shortly killed after a bit, out in the open. It was a little depressing but I really didn't care. But JEEWEEZER! I really didn't feel good. I felt like I was bound to die, that was until I spotted an team blindly walking around in the instance.

I ran towards the group. "Hello? Hello?!" I ran towards the group, realizing it was the Better Namers. "Jee! I'm glad to see you." Golf

ball sat on Tennis Ball's head, irritated. "Where the hell is your team and why were you alone? That's dangerous!" Wow, what an jerk. "I went with David, but he was murdered."

"Oh." Grassy smiled and waved to me. "Can Grassy and team bring Nickel?" Blocky nodded. "Yeah, we should. The more the merrier! Golf ball thought about it, "That's an 1.573% chance higher that we will be spotted, but I suppose we could take that risk. Come on Nickel, we need to keep moving." I smiled, and knew I found somebody to be comfortable with.

We kept on walking... It was getting late and we eagerly decided to climb up to sleep in the leaves once again. I knew that TB and GB were close friends, but simply seemed to be BF and GF, which is honestly odd. I mean, they've been childhood friends. Ehh, I'll brush it off.

Woody's POV

I'll have to overcome my fear. I've had panophobia, also known as the fear of everything for years now. But with recent times, I've tried to cure it, especially with the case with Donut.

Someday I'll learn how to eventually talk clearly, but the other spoke to each other with an calming voice. It soothed me, but I knew the truth... I wish I didn't have to know.

We had decided to begin traveling further in the forest incase the other teams were there, also to avoid Donut. I nervously began to speak to my team as we walked. They told me more about themselves and I did the same back. It was enjoyable knowing more about them, for sure. Cloudy seems to be invested in his collection.

As night fell, we decided to all rest. We went pretty deep, I doubted we would get found by Donut.

Bottle's POV

Teehee! Tree kept on trying to get out, but every movement he made kept on tickling me! I giggled, but he was getting frustrated. "Can you just stay still for one minute?!" Pie was beginning to get bored,

though it seemed like she has been for awhile.

"But you keep on tickling me! Teehee!" Everybody was beginning to get frustrated of Tree staying stuck inside of me, but he eventually jumped up to get stuck on the top of my body. I giggled even more.

"Nearly there..." He muttered, rather frustrated. Remote was beginning to get tired, and approached me. She grabbed me by the arm, and everybody began to stand up, startled. She threw me up, and I suddenly saw darkness.

The last thing I heard was an cracking sound, than an smash.

Hmm ok so I'm not regretting my choice ok? This is on edge

Intermission 1 ; Actors

Four; from the script, only liy.

Pencil; you gotta be kidding me...

Liy; Woo! I escape from Exit!

Four; Liy dies early on though. (No not actually)

Liy; dammit.

Four; casting audience.. Okay, who the hell recommended Clock to

Golfball; WE HAVE AN PLATONIC RELATIONSHIP!

Firey; I don't care... Four seriously though.

Golfball; I think somebody... DONUT DID YOU?!

Chapter 4 ; The Traitor Among Us

Pie's POV

It was sudden, as we all got up, to find Bottle dead, broken. Remote was insane. "What the hell Remote?! You just caused death..." I couldn't believe that was honestly a imposter. It was like we were all driven insane. Remote stuttered. "B-B-But! I wanted to help Tree..." Tree groaned, he had glass shards stuck on him.

He seemed to be bleeding, and I ran to help him in his aid. It was difficult to comprehend Remote's actions. Perhaps there's an traitor among the teams hacking her... Or among ourselves.

I shrugged it off.

Eggy's POV

I sat with my team, away from iance. I honestly enjoyed that they had forgotten about Clock. He did get Loser eliminated in the first place. He ruined our chances of being one of the greatest teams. As long as we're safe, we should be good.

I value my team and wished for nobody else's death than the person who costed our win. Needle had decided to sit next to me, nervous about who would be next. I comforted her.

"Hey, dont worry. I know we can be successful and safe."

"Are you sure?"

"Yeah, of course!"

We both gave each other an welcoming smile, as we began to debate

on who will be curing Donut. "Well, it's obviously going to be GB!" I laughed, "Well, Needle. I believe it might just be Team Death PACT."

"Maybe.."

???'s POV

They're dead. Removed one, plenty more chances to get more people...

You'll thank me later, eventually. I'm making lots of people's lives easier. Pie will eventually learn... Remote is an poor excuse of technology than can be easily abused. I will use that in mind.

I will certainly.

Liy's POV

H-Huh?! I got out of EXIT from that door that I've found awhile ago using an staple that I found from the floor. How convenient.. Once I've gotten out of that mess, I noticed how... bloody it was.

I looked around, finding fresh pink blood around the place. I shortly determined Pillow, Firey or Firey jr. And perhaps an water-based object bad died. Things seemed to have... altered.

I've done my hardest to get back here, and I've always wanted to get revenge. Though.. It appears as if somebody had already attempted to kill everyone. Four was nowhere in sight. This began to.. concern me.

I proceeded to continue on and find an knife and kept it. The forest seemed like an good place to explore first. I began to walk in there, and silently try to listen for any life. It was odd finding nobody where anybody normally was, and just dead bodies.

I assume something mustve happened, and I was glad to find the exit. I hope the others were fine without me anyways. Wait, what am I thinking? Nobody understood my efforts to help, and clearly my team did horribly without me! I could've probably easily prevented this mess.

I merely decided to continue on. That was until I heard an odd noise

behind me. I froze up, slowly turning around. Donut..?

Donut stood there, with blue eyes and an smile. He was all bloody..

Oh shit.

I began to run, through the forest. I wasn't going to die this early. No way. I kept on breathing swiftly, I cant risk dying from that fucking creep. I felt an thing touch me, pulling me away. I screamed, swiftly attempting to switch myself.

I glanced back to find Donut with an creepy grin, grabbing me. "Gh-!" He began to speak, I soon realized what happened. "You're supposed to be in EXIT.."

"F-Four this isn't funny!" I began to chuckle, awkwardly.

"This isn't meant to be an joke. I'll give you an hour to hide, once it's up, you'll rejoin and be trying to survive. That is the contest after all..." Suddenly, Donut let me go, and I ran.

The fucking creep was possessed, and I wouldn't want to risk saying behind that long just to die.

Gelatin's POV

I began to laugh, joking around with Naily as we walked. It was an rather cheerful night for us. The situation seemed to be past us, as we decided to try to go back to Yoyle City. I can even grow some growtatoes and steal some from Fries.

Barf Bag seemed to be clearly concerned about Donut, which I did understand. But we need to brighten things up. "Come on, let's REST IN PIECES!" I tried to make more puns, referring back to Chopped up Donut. "Right now's not the time Gelatin..." Barf Bag commented.

I crossed my arms, in an fit. "Dark Humor is an way some of us cope you know!" Naily jumped up, "Yeah! We shall nail this!" We were trying to be funny, but the truth was far too dark for some of us to handle. We bunched up together, and it made me uncomfortable.

"You're squishing me..!" I began to push the others away. "Give me

space.." The others complained, but we kept on going. I sighed, looking out to the distance...

We will have you back.

I know it.

Even if it means losing me.

Taco's POV

I slowly crossed my arms, nervous. I was rather nervous, gently glancing around to find Book glaring at me. "Of course..." I muttered to myself, Lollipop patted my back. She gave me an smile, and I gave an weak smile back.

We looked by the water, but heard footsteps approaching. We turned around, finding Donut's team approach. "Going to Yoyle City too?" Gelatin asked, we nodded. We decided to work together for an bit, and worked together.

After awhile, we built an happy boat, and went on. It was an adventure, and we knew we would be exposed for a few days... Meh, oh well! An adventure is something fun anyways.

Aaaaa not gonna lie but I really kinda regret bottle dying but you win some you lose some, also enjoy an tiny thing here.

Chapter 5 ; ZER0

Gelatin's POV

We were out at sea, enjoying the calming waters. We went out a few days ago so we can have an start to going to Yoyle City, if you're wondering.. Yeah, some of our close friends died. I began to sit by myself, to be comforted with Lollipop. "Hey Gelatin."

"What's up?"

"Do you think Bagel-Brain will come back to his senses?"

"Yeah, eventually.." I glanced to the side, looking out to the sun setting. It was an beautiful night, and everybody had somebody. Except Taco, but she had pushed everybody away. Which I purely understand. "Hmmm, you seem to be not yourself lately.. Is he still bothering you?"

"Nah! I want to bury my grave." I chuckled, dark humor cheered me up, especially during times like these. I felt something creeping up to me, and I turned around to find nothing.

I feel watched.

Basketball's POV

Ever since Nickel joined our group, we've been scavenging our food and found nobody. I think we might be alone on this so-called 'contest.' I stated, nervous. "It's late, we should get to sleep." Golfball glared at me, and growled. "We shouldn't sleep! Keep on moving until we are confirmed over an 97% that we won't be found." I felt uneasy.

We kept on going, and I kept on feeling uneasy. It's an odd thing, 8-Ball appeared to have died, and Grassy is sleeping on Blocky. I heard noises, and froze.

"What's wrong?" TB approached me, and I turned around in the darkness to see glowing blue eyes. I screamed. "HE FOUND US!" GB fell off of TB, and urged us to run, quick.

I felt myself running behind, crying out. I only saw black after that.

Lightning's POV

Woah... We've been walking for ages. I feel as if I'm being ignored, but SB clearly notices and tries to comfort me. "Come on, we'll survive together. We're bros!" I smiled, rather weakly. It was kindof scary.

I began to stutter as we arrived inside of an cave. Firey brightened the cave, suggesting us to rest here for the night. We all agree, the cave seems fine as long as Firey's light doesn't expose us.

We decided to sleep for the night.

Liy's POV

It started to get late, and I've seen no other signs of life besides Four. Or.. I guess I could call him Zero. I kept on going, until I found shards on glass. I yelped in pain, but noticed it as Bottle's... They mustve died.

My team must be close. I continued on, following the trails of glass, and hid behind an tree to notice Remote?

Remote..?

I watched as she buried Bottle, with blood all over her. She seemed to be silent, holding an knife. Did she kill her? I didn't want to know, I kept on going, searching more into the forest to see the team in the distance, chatting.

I wanted to come right over and wipe their stupid smiles off of their faces..

Tree's POV

I sat, watching Pen slowly pick off the glass shards on my back. I felt

blood ooze down, but he eventually bandaged it. "There we go! You're done."I smiled, and glanced at him... Though, I noticed an odd figure in the distance.

They were coming to us. I stood up, alerting the others. "W-Who's there?!" I call out, rather nervous. I heard an chuckle.

"You know me... Former teammate!" I stepped back, Pie stood up, walking. "Liy? What are you doing here?" Liy chuckled, and we were all on alert on the eliminated team member. "I escaped from Zero! The others are doing fine." We all questioned.

Zero?

"Who's... Zero?" Pen asked, with an confused face. Liy sighed. "I meant possessed Donut. Four's in his stupid body." We were all shocked. "What? That makes no sense.." Liy sighed. "I know, but that's him, I now rejoined and I have to compete with you guys again."

"Huh... I guess we could always use another member." Pen commented, we all agreed to let her back, as long as she doesn't kill us.

Narrator's POV

From above, Donut noticed the boat, and approached. The two teams noticed and screamed, as they got off of the boat. Donut began to zap the boat, sinking it. He noticed Lollipop attempting to escape.

I'm not a Bagel-Brain! He viciously grabbed Lollipop, breaking her and zapping her to finish her off. Taco cried, as he left. They slowly began to swim to shore. Gelatin asked if everybody was okay, in concern.

"I'm fine, but I can't say the same for Taco." Barf Bag said, looking over to Taco, who curled up into an ball, rocking herself back and forth. "The traitor deserves being in pain, even if it meant an loss of her friend!" Ice Cube was worried, but nodded with an frown. Book was bullying her once again, and nobody was there to help.

Barf Bag crossed his arms. "Can you two atleast get together?! What if Ice Cube died?" Book froze, in an angry tone, but gave up. She got her team to walk away, without Taco. Leaving her with Team Ice

Cube.

"Don't worry. I'm here for you." Barf Bag patted Taco as she got up, with an weak smile. They began to walk off, trying to rest, they were tired.

Night came, as each of the teams decided to rest. Donut screeched, and knew what his next job was... Liy might enjoy having somebody she was with for months comforting her.. Won't she?

Oop scary stuff happens
Death Pact is now my favorite team tho (besides losers cause that arc)

RIP lollipop and Taco tho

Chapter 6 ; The EXIT

Narrator's POV

Pencil, Leafy, and Bracelety sat in the classroom, wondering on the location of Liy. Suddenly, 3 contestants had entered. "What is this door for?" An monotone voice was heard.

"Woah, 3 newbies? I thought BFB was canceled!" The three entered, appearing to be revived. The 3 had died before-hand in the real world and regenerated into the fourest. "..Yeah...." Loser came in, crossing his arms nervously.

"Loser? Why is he here?!" Pencil pointed out, rather surprised. "He was lying to us. Wait, is this where you guys were all this time?" 8-Ball asked, rather curious on the classroom. Leafy smiled. "Yeah! We've been learning math because of Four. Liy went off to one of her adventures and haven't come back..."

Roboty decided to sit, without any words. Loser began to sit on an desk with his name taped on. 8-Ball did the same, and sat. Suddenly, somebody appeared... But it wasn't four.

They were shocked to find Donut, floating and crossing his arms with an toothy grin. "Hello EXITors!" Bracelety was silent, "Ugh, Donut why are you here?! Eliminated too?" He had an sinister laugh. "Of course not, I'm the new host... Or should I say my new body?" Loser was stunned, surprised.

8-Ball spoke up, "What do you mean by that?" Leafy was beginning to sweat, and get worried.

Why is Donut here?

What's up with his blue eyes?

Why... can he access this place?

Donut smiled. "I'm Four! And, I will give only one of you an chance to escape and rejoin for our last contest!" Everybody was silent, stunned, worried. "Last..?"

"Yep! It's all about survival, and to not die by, you guessed it.. Me!" Everybody began to panic. "S-So that's where Liy went?" Leafy asked, startled. "Yep! One of you will join her~"

Everybody looked at each other, stunned. They nervously began to stand up. "First one out of the EXIT survives... Go!" Everybody panicked, trying to find an exit. Leafy and Pencil shot looks at each other and began to run out of the door Liy came from, Leafy cried.

She pushed Pencil back, exiting the EXIT. Donut smiled as he killed the rest of the eliminated contestants. Leafy work up, finding herself on the ground in an dark forest. "H-Huh?" She stood up, exploring the area quietly.

Leafy's POV

I can't believe I pushed Pencil.

They were all gone, and I was able to escape. I heard an small rustling noise, and suddenly Donut appeared. He congratulated me. "Once you find another team or any alive survivors... You will start competing. Good luck, and you may team up with anyone." Donut disappeared, and I knew it was my cue to begin exploring.

I've only noticed how creepy it was. I felt myself holding to myself, and only hoping to find somebody who is still alive. Of course, I suppose I should hope to meet my old team or my friends! I began to start running, excited.

Little did I know, nobody was friendly and trustworthy in these parts...

Liy's POV

I felt welcomed, finally! It seems as in these times of needs we really gotta stick together. We are supposed to prevent Death after all! I

found myself sitting by myself, looking over in the sunset, soon noticing somebody behind me. "Hey.. Liy?" I turned around to notice Tree, sitting by me. He had tons of bandages on his back, and I didn't want to ask.

"What's up?"

"Well.. What happened?"

"What do you mean?"

"Where did you go when you got eliminated?"

I sighed, and glanced to the side. "When I was sucked into Four, I was teleported in an place with an door, the door led to an classroom... I found the others, and we learned at a place called the 'EXIT.'" Tree was rather surprised at the thought.

"Huh.. That's not as bad."

"Yeah, I'm just glad to be back with you guys honestly."

"I'm glad to hear that Liy."

We stood up together, and went back to rest together, and sleep. It was an touching moment to hang out with the other team members. I hope it can still occur.

Gelatin's POV

We were able to survive, slowly holding out for Taco. Poor her, she was ditched by her own team. I chuckled, urging everybody to go to the forest. "Come on..." Naily chuckled, awkwardly. "Let's nail this!"

Barf Bag had an weak smile. "Yeah!" We began to head more into the forest. We needed to escape before Donut attempts to kill us all again. As we headed in, I noticed an green walking figure in the distance.

I didn't recognize them, but they noticed us, and began to run towards us. We paused, startled. "Oh my gosh! Living people?! Hi!" We soon saw it as Leafy. "L-Leafy?" Barf Bag was surprised.

Taco grinned. "You're back? That's cool!" We hugged Leafy, and were always open to have an friend with us.

yoooo leafys back

Also dude I love trying to draw so uh heres cover art (on the top) for the chapter lol

Chapter 7 ; Love & Sorrow

Gelatin's POV

I had silently sighed. Taking sharp breaths. I've merely glanced at everybody else. I began to feel somebody following us. Leafy soon patted my back, with an smile. "We'll get through this together... I promise!" I glanced at her with an weak smile.

I've used to be afraid to her due to her... past actions, but I can grow up. She's actually pretty cool. "Let's hope we don't tear to shreds.." Leafy chuckled. "Nah."

"You sure?"

"Obviously."

We laughed together, as I glanced at Barf Bag having an smirk. Naily snickered. ....*Ah god don't think that please.*

"Don't you even dare Naily..." I began to glare at her. Naily was about to scream until Barf Bag closed her mouth, "You're going to expose our damn location like that!"

"Oops."

I looked at Leafy, who was confused. I chuckled awkwardly. "Let's just go..." Taco seemed to slowly catch up, and began small talk with Leafy. We all were close, well except Spongy and Bomby, but they both died.

I guess that means alot thinking about it.

Tennis Ball's POV

I'm scared.

I felt something creep up my spine, something was watching us and tracking our every move. I glanced up to see an determined look on GB's face. I missed all of them. Basketball, Robot Flower, TV... I could even admit.

I miss 8-Ball.

I hope he's safe from all of this hell when he's eliminated. Though, I haven't seen signs of them for a bit now. I decided to talk to GB.

"Hey uh.. GB?"

"What is it?"

"Shouldn't we be concerned on finding other teams?"

"No, the bigger our group the bigger of an target we are. We took an risk letting Nickel join us."

"I mean, if you're so sur-"

"Do you not trust me, TB?"

I froze, startled at the thought. "O-Of course I do..!" GB scoffed. "Prove it." She was starting to act different, I suppose she acts differently from time to time. I didn't want to say it but.. I'll have to state something that's an semi-lie for this time.. I'm sorry.

"I.. I love you!" I turned red, and glanced to the side. Everybody froze and stared at me in shocked.

"W-What did you just say?" GB was actually turning red, surprised at my statement.

"I love you, GB. Do you trust me now?" I said, rather irritated. Blocky had an snicker. "GB, TB SITTING IN AN T-"

"Shut up Blocky!" We said together. Nickel and Grassy began to giggle... That was such an awkward conversation. As long as we just get going.. We began to walk off, as everybody else began to snicker while GB stared at me, blushing.

Did she actually like me back?

Golfball's POV

Ughh.. Of course he likes me back! I was honestly stunned, and surprised. I really didn't expect him to confess during an time like this! I also didn't want to admit back cause... Blocky.

He wouldn't actually shut up about us being together. I've yelled him multiple times that its platonic, but... I began to actually like like TB. I felt hurt even telling him to prove that hes trustworthy.

Oh god, what am I even going to tell them?! I scowled at Grassy and Nickel, who were showing off heart shapes with their hands over what I assume was us. It was embarrassing as hell...

Though, I suppose platonic friends can't stay together like that forever. What the hell, I should confess... We might just die the next day. I rather die trying.

"Hey... TB?"

"Yeah GB?"

Everybody stopped, and stared at me. I turned red, and began to stutter, but eventually spilled it.

"I like you too..."

Blocky, Grassy, and Nickel squealed... "I knew it!" Blocky screamed. I realized we would be found. "S-Shut up!" TB was red. "O-Oh..."

We grinned. "Haha, let's just go now. We don't want Donut killing us." I nod, and went back to my serious look. "Let's go. We got no time to waste!" We began to continue onward, trying to find the end of the everlasting forest. I'm still embarrassed.

But atleast I tried.

Remote's POV

I killed them. I'm sorry.

I'm sorry.

sorry.

There was only one last thing to do.. I began to unscrew my back, and gently tugged at my batteries. I chuckled, with an smile. "I'm sorry." I spoke under my breath, as I pulled them out by the water.

Blackhole must've noticed, as he tried to help me, but I stood by the shore of the ocean, ripping them out.

I threw them.

Black.

That's the only thing I'll ever see..

IM SORRY.

It wasn't my fault.

it wasnt

wasnt.

Gelatin's POV

I suddenly felt an tug, and turned around. "FUCK-!" I screamed as I was suddenly grabbed, Donut floated upwards, putting his hand on my "head." I screamed, trying to get to let go.

"StopStopStopStop!" Leafy stood, eyes widened. She was scared, shaking. She felt herself fall to her knees while everybody was trying to save me. "We..." An voice was heard, 2 mixed voices.

Four's and Donut's.

I was suddenly connecting the pieces. "LET ME DAMN GO!" I bit on... Zero's arm, as he growled, letting me go. I told my team to run, now.

"You can't run from me... GELATIN!" Suddenly, I turned around, and saw white, soon fading to black. The last thing I heard was screams and insane laughs.

..goodbye.

Donut's POV

I couldn't feel. I witnessed Gelatin's death. I growled. I felt myself breaking through, and felt an body. Soon breaking through, awakened in the real world. I have limited amount of time, and rushed to hold Gelatin.. Before I snap back.

I had to make this count. "Run. Go." I looked up, with tears in my eyes. Gelatin was dead, thanks to me. I warned my team, and Leafy. They need to go, before... Four gets me.

Four is insane.

He isn't him.

I can't breathe.

I can'...

Leafy's POV

I couldn't breathe. I felt an sharp pain, as I saw Donut reawake with the blue eyes. I ran, pushing the rest of his team ahead. Watching Gelatin die was an painful sting. I needed to go.

I remember.

Everything...

Why could I feel such emotions? I felt metal in my mouth, as I gagged. I can't let BFDIA come back.

Stealing Dream Island.

Its over, I just need to run, and survive. I cried out, as I felt myself turning to metal, an old form, memory. I couldn't feel anything but an distant memory.

Firey.

The key to my freedom is to.. befriend him. Again. There's no running away from this, I need to face him and just talk to him for one last second, this time it felt nessercary. Like my life depended on it. Nothing else matters.

Only him.

I screamed out, pushing myself forward. Everybody followed me, determined to run. After hours of running, we believed we had lost the murderous dessert. We took sharp breaths, and I looked at my hands.

No...

Metal.

Firey's POV

Something's off, we had left the cave days ago, and walked. We have been safe, no sign of Donut in ages. There is something wrong about me though.

Some sort of presence, aura... It reminded me of somebody. Somebody I wanted to forget. Everybody seemed to have somebody..

No, I gotta forget.

There's no way.

Leaves.

Leaves.

...Leafy?

X's POV

Eek! I got nervous, we've mostly stayed low. I was beginning to get anxious, we were all safe.. Until I saw the horrible thing...

It was true.

Donut approached us, with an sinister grin, disappearing in an flash, but blood puddles were in place of half of the team... I screamed in pain, I felt an cut. I looked at it, and confirmed it as Four's doing.

What was he doing?!

Why.... did four not tell me?

It had appeared as it Stapy, Foldy, Marker, and Eraser have died. I nervously began to sweat, startled. Yellow Face was already missing, and there were only 3 of us. I pitied the last of the team.

Puffball, Fries, and Bell freaked out. "Half of our team's dead! What are we meant to do?!" I was silent, as they looked at me. I was twitching, in pain. "It was his fault."

"Who's?"

"*...fours."*

The trio's eyes widened, rather in shock. "W-What?! Surely not.. Right?!" I shook my head. "No, Four is in his body. I suppose they're Zero. But.. Why?" I questioned the actions.

It was an horrifying thing, and I honestly wanted to cry out. We huddled together, and hoped for the best, moving on tomorrow to find another team.

Book's POV

I can't feel much. I've lost emotions ever since Ice Cube died and I left Taco. I felt in charge.. Happy?

I couldn't put it in mind, I dont know what I'm feeling. Perhaps guilt? No, no! I'm doing this to protect my team... Saw and Teardrop. They were both sorry.

I could sense it, but.. I don't feel sorry. Fuck no, that bitch deserved it. Saw began to speak up. "This.. feels wrong." The water she drank must've washed off the whole fumes thing. "It isn't.. I promise."

"You ditched our only other teammate." We turned to find Teardrop talking, with an quiet and shy voice. We were pretty stunned, but rather didn't think much of it. Honestly, why the hell do I feel this way?

My team needs an strong leader, and I believe I have fulfilled that job. I cant feel worry, sorrow..

Or love.

..There's something wrong with me.. no. I must do it... I must..

kill.

Balloony's POV

They're all dead.

DEAD.

Donut.. why?

Why.

They didn't deserve this. I did.

Rocky, Woody, Cloudy.. Nickel. My team, gone. It's only me. They never deserved it, they shouldn't have died. No, never.

It's my fault.

IT'S ALL MY FAULT.

MY FAULT.

mine.

I will take revenge, and I will kill Donut, even if it means taking my own life. I'm sorry Cloudy, and Rocky.. I couldn't protect you from him.

The man who has costed us our freedom and safety. Why the hell did I think this was an good idea...

Tree's POV

Pen sat by me, and was crying. I comforted him, ever since the death of Remote, we all cried. Eventually, Blackhole ran off. Probably to figure out an way to actually kill himself. I doubt that's possible. I glanced at Pen, and turned red.

Crap, am I actually falling for him?

He looked at me, turning red. Pie was watching us, after all it was only us left.. Well except Liy but she was upset over Remote and decided to step away to cry in her favor.

Pie chuckled. "You two like each other? You're both turning red." We exchanged looks, to look at Pie. Pen stood up. "N-No! I don't..." He was obviously lying.

"Me neither, I dont like him in an love interest."

"Clearly you do, just spill it. I won't tell anybody else." Her voice was relaxed. I looked at Pen, who sighed. "Okay jee, I like Tree. In an love way!" I froze, and actually felt like an liar. "Uhh.."

"Okay fine, I like you too." Liy rushed over, in excitement. "Did I hear an confession? Oh my gosh! Congrats!" We turned red. "N-No..." I said, pouting.

"They confessed, Liy."

"H-Hey! You said you wouldn't tell anyone else!" Pen shouted.

"Never promised."

We exchanged looks, and ended up laughing. "Ah heck it, we're dying in the end so why not have some fun?" We all agreed, and decided to get to know more about each other. It was an fun bonding time for the team. I felt safe, at last.

Flower's POV

I sat off to myself, hanging off of a tree as we relaxed. It was an calming day, and Ruby decided to climb up, and chat to me.

"Hi Flower!" Ruby gushed over my looks, and it always had made me feel good. I couldn't feel like myself without her. I waved back. "Hey Ruby!"

"How are you?"

"I'm fine."

"That's amazing to hear!" Ruby was always so positive, and it happened to always brighten my day when she talks. I felt as if most of our team is missing. The last I've checked, we had Bubble, Ruby, and myself. Oh wait.

I glanced over to the two, talking to each other as if they've been friends for years. Lightning and Snowball, the two murderers on our team. I regret having them on our team with Ruby's stupid "alliance." I can't blame her, though. She's always friendly.

We went with the losers. I noticed their team had been through an pretty rough beating, Cake, Eggy, and... Oh god Clock was dead. The realization hit me.. But they didn't seem to care, so I didn't speak up.

The night ended off, and we had an happy time of bonding.

OMG THAT IS LONGGGGGGGG

Chapter 8 ; Past Memories...

Leafy's POV

Barf Bag had comforted me, concerned about my current state. I felt like I was turning metal, but how?

I didn't eat yoyle berries.. I growled, "..There is something I wish you did know about me." I glanced to Barf Bag, who was beginning to get worried. "What do you mean?"

I stood up, "I... I stole dream island." I squeaked, quietly. Everybody began to look, silent. It was something I had to get past, and let the world know. Only if I hadn't slipped. Perhaps, I could still feel respected and loved.

Narrator's POV

[Past]

Leafy held on tight to Firey on the hang-glider, slowly losing grip. "Hang on! We're nearly out of here.." They flew over Yoyle city, and Leafy felt tears in her eyes.

"I can't hold any longer!" She cried, as she felt her hand slipping. Firey reached out, but Leafy fell.

That was the last they would see each other for years, Leafy slowly began to feel alone, and felt ditched by her "friends." Once we realized there was another season..

She knew she had to strike.

Teardrop's POV

I was too scared. I imagined this would happen.. I had to speak up, only this once. Book glared at me, like she had towards Taco. Saw

agreed, and slightly nodded.

Book laughed. "Who said you had an FUCKING opinion? This is MY CHOICE." Book began to go towards me, pinning me to an tree. I coughed, looking at my hand to find blood. I was scared. Book figured, and let me go with an smirk.

"Both of you shut it, and just follow." Saw and I exchanged looks, and nodded.

I'm not speaking ever again.

Tennis Ball's POV

We were all silent, until we found some sort of old bridge, though, GB seemed to be thrilled over the thing. "This can help us escape!" I glanced to the side, finding on the other side is Yoyle City. We decided to hurry before Donut found out, dashing to the other side.

Suddenly, we had heard zapping sounds, running for our lives. We were all able to get to the other side. We were finally safe, at last. We began to rush into the city, and try to figure out if this is clearly the place to be safe..

Are we actually safe?

Balloony's POV

Darkness. That's all I could see, I walked, trying to find any sign of life. I felt my body collapsing, tired. They're all dead.

This is all of my fault...

Mine.

I looked up, to find glowing blue eyes surrounding me. "Gh-?!" I began to look around, in tears. I felt myself being sucked into some sort of thing, soon realizing I'm falling and landed gently.

"Where.. Am I?"

There's something wrong, I couldn't feel my body.

Wait..

What's... going on?

Hello, Balloony.

I was startled to hear something. Suddenly, everything began to turn all bright, as it was blurry. After looking, my eyes seemed to have cleared. It was the old BFB area. I felt my body in control of myself once again..

I glanced around, seeing everybody happy. I was startled, but felt at peace. I sat with my team, even Leafy. They all spoke to me, and I actually felt at comfort.

Not until I heard somebody. An voice I recognized from earlier. I turned around, to find an worried Donut. I was frightened to see him concerned, contrasting the happiness of this world. "D-Donut? What do you need?"

"I want to tell you something."

"H-Huh?"

"You're stuck in an dream, and Four has.."

"...No, how can you talk to me?!"

"..I'm sorry."

I tried to walk, but felt myself stuck, trying to reach out as he walked away. "W-Wait!"

I don't want to die.

No... No..! PLEASE.

PLEASE..

It turned black, and that would be the last thing I could ever see. I felt myself snapping. But... That wasn't my doing.

X's POV

I cried, hugging the trio. As I left my grasp from them, I smiled, weakly. "I promise I'll save you! I'll save you and your friends.. I'll save this show!" My promise was large, but I might as well die trying. I gave the courage.

Fries was already upset, startled. "..Sure you will." I knew he doubted me, but.. why? "..Why so sad..?" I asked, with an worried tone.

"It's pointless, we lost. X, Four has already won the game. I'm sorry." Fries was beginning to stand up, clenching his fists in tears. "I wish for one last thing, and I want to make it clear to you."

"I.. I want to help."

I was taken back, he seemed to begin to get emotional, but he wiped his tears and placed an confident smile. "We will fight back, and I will die trying!" He growled. Puffball and Bell exchanged glances, and grinned. "I'm in!"

"Sure~!" I enjoyed the support as we began to get up, attempting to look for another team. Honestly, I hoped that everybody who's left alive is safe... Free. You know. The usual?

I highly doubt, though. But, it's just an thought.

Pie's POV

Something is wrong, I gently glanced over to the couple. Who were trying to comfort each other, they wanted to leave and move to find others. I glanced back to Liy, who began to twitch. She sat on the floor, her arms and legs crossed in an worried tone.

"Hey, Liy. You okay?" I had to speak up, she didn't seem okay. She would by lying if she did.

"N-No... I'm seeing things."

"What?"

"I.. see all of the deaths of my victims, replaying in my mind."

Well... That was honestly unexpected. I gently began to pat Liy. "It's

okay. The past is gone, you're preventing death now." Liy's eyes began to water, she hung her head low. "...What if I snap again?! What if..."

"I kill the team..."

I was startled, "Nah, you won't. I promise."

"You sure..?"

"Yeah, I'm sure."

Liy hugged me, rather surprising me, but I didn't think much of it. If I did, I would die anyways. "Thank you.."

"Not a problem."

Done! Just taking an causal break off of the whole brutal death situation, but I just had to kill somebody so, enjoy!

Chapter 9 ; Heartbroken

Golfball's POV

I woke up, glancing around the area. "H-Huh?" Oh right, we arrived in Yoyle City. I hoped we were safe at last... Well, that was until I noticed the other teams arriving. But Beep... They're missing.

They all must've died. Well, Nickel is still alive. But I consider him in our team now. Interestingly enough, I saw 2 formerly eliminated contestants throughout the teams.

I'm sure this is the next phase of their cruel game. Suddenly, I blinked and found myself sitting on an podium. "G-Gh?!" I looked around, seeing the rest of the "contestants." From my friends and enemies, they survived this far.

I noticed 3 people that clearly had something special with them.. X, Leafy, and Liy. I pondered, why were they here? Perhaps Donut gave 2 eliminated contestants an actual chance. Suddenly, we all saw Donut. "Hi everybody! I don't plan on killing you. Now, just call me Zero for future reference, okay?"

I was rather silent, and noticed many of us startled and stunned. X soon spoke up words that I wish I didn't hear. "Four... Why are you doing this?" Zero hissed. "It's for the fun! Now, your competing in this competition too."

I heard murmurs, and stood up, glancing to TB who was starting to get nervous. I had an sense of an 78.45% chance of living through this.

Though.. I felt something lurking, within us. Something is wrong.

Narrator's POV

"Now than! Continuing on.." Zero began to float down, and gently walked throughout the podiums, securing that everybody had stayed on. "You have an task, survive in this city. Every once in awhile, I'll come and murder one of you. Though, everytime you see an murder..."

"Don't expect it to be me as the killer."

People wondered what he meant, but Zero knew well who planned on killing. They snapped, suddenly coloring an part of the city an certain color. "Each of the 7 teams will have an custom province, you may cross others, but you are expected to stay and sleep in your proper place."

It felt comfortable to have an home. Until Zero spoke his last words, before disappearing and teleporting his "lab rats" to their proper place. "Don't expect to stay comfy..."

Phase 2 ; Life/Death has been initiated.

Leafy's POV

Firey was here! It's an shame most of my old team died, but Nickel's alive! So I'm happy. I rushed over outside, realizing that I'm in Team Ice Cube's district, whatever Zero says.

I soon noticed an sign directing for the other team's district. I'm just glad we're all safe... Yet, this city just.. haunts me. I walked to the edge of the city, noticing the forest of Yoyle-Berry bushes, soon walking to see what it was about. I was exploring, and was satisfied to feel the natural area. It.. was familiar.

But, it felt much more different than it had in the past. It had felt soothing, and welcoming to me. I sat, and smiled as I was about to eat some, but I froze. I heard something in my head.

You will revert to the past.

I felt my eyes begin to water, and I coughed. Feeling the metal taste in my mouth. I began to look through the bushes to find knives. My eyes widened at the sight, as it hit me.

I was meant to be an murderer.

I wanted to avoid that, I stumbled back, scared. Suddenly, I felt something behind me. I stood up, turning around to find Firey. I hugged him, but he pushed me back. He had no expression, but an upset face.

"Why did you leave me?" He asked, with an concerned face. He reached out for me, but I stumbled back, crying. "W-What do you mean?"

"...Why did you let go?"

My eyes widened in fear, with an nervous pant, I looked through the bushes.

He knows.

I pulled out an knife, and he screamed. "You're.. going to kill me? I thought you changed. I guess not." I froze, nervous. "No! I just found these.. I wanted to just say. Well-" I took an deep breath.

"I'm sorry, and... I.. uhh.."

"Hm?"

"love you??"

I turned red, at the thought. Firey looked back, with an nervous face. "W-Wait what?"

Wait shit I just confessed to him.

"I... I love you Firey!" I crossed my arms, flustered. "Y-Yeah... I love you!" I began to get irritated until I felt an burn on myself. "Whoops.. Erm... I do back, I mean.. You've been my friend, and I didn't mean to ignore you all those times. I just, feel guilt. You know?"

I smiled, "I get it. So.. Wanna go to Gelatin's Stakehouse?" I asked, with an casual smirk. Firey chuckled. "Actually! Barf Bag runs it, so I guess its Barf Bag's Steakhouse?"

"Ah, fair enough." We went off, walking to go eat. I was happy to finally get it out of my system.

Tennis Ball's POV

Golfball has been pacing back and forth in my room for awhile, we decided to claim an small house for us both for scientific purposes. "What are you doing that for?"

"Zero is up to something! Didn't you hear what he said?! He must've made an deal with somebody to kill us all!" I was silent, but nodded. "Yeah, that's an concern and all.. But, we should just relax this once." I said, calmly. I didn't want to make GB even more angry than she already was.

"N-No we don't!" She began to get flustered, and blushed. "Sure, we don't... Don't forget, you're the one who planned to do this to Four."

"Sureeee." Suddenly, I heard our door burst. Golfball and I ran downstairs, to find Book. Holding Saw with an sinister smile. "SH-" Suddenly she ran for Golfball, and I ran infront of GB, getting an slice of Saw on my back. "Book, stop... this is getting out of hand! Put me down!" Saw cried, she didn't like this.

I felt another slice on my back, and pushed Golfball up, but she seemed to be coming for her, as I rolled to the bottom of the stairs. The last thing I merely saw was GB screaming, and blood.

I blackened out.

Grassy's POV

I was walking with Blocky, my dad as we soon walked by GB's and TB's house. Something caught Daddy's eye, as we froze. He walked in, and I saw lots of pink stuff and TB on the couch, crying. "Is TB okay?" I asked, nervous.

"Y-Yeah! I'm fine.." I nervously was looking around. "Grassy asks where is girlfriend?" TB turned red, but his eyes watered. "She's... in an dark sleep! She'll wake up, sooner or later."

"Is Tennis Ball sure?"

"Yes.. I'm sure, Grassy."

"Grassy says okay!" I felt happy to find Tennis Ball happy, and asked Blocky if we can continue our walk!

Only if I knew the truth...

Teardrop's POV

I sat on my bed, as I noticed Book, with Saw. I looked at them, with an nervous look. I saw the blood, all over them.. They must've killed somebody.

But who..?

Book approached me, and grabbed me by the hand. "..I suppose I'll have to wound you a little more before I can let you go, can't let you tell anybody, can I?" Suddenly, I saw Saw get picked up, and heard an whimper before I closed my eyes, feeling throbbing pain.

My arm is gone.

MYARMISGONE.

GONE, LIKE MY VOICE.

I wanted to scream, I was human, but Book only smiled, as she threw away my arm, forcing me down the stairs. I felt myself getting dizzy, as I saw her. Saw was trying to come to my aid, but it appeared to Book she didn't care.

"Teardrop! Oh my god I'm.. so.. "

"sorry."

I could hardly see anything, and crawled out for the door. Just calling for somebody, but I turned back, to find Book. She held an knife and ran for me. I cried, before I could only see black.

Tree's POV

I gently patted Pen, as he laid down on me. We decided to stay in an

mansion with the entire team. We were pretty close because of the forest anyways. Pie came downstairs, and did an small wave.

"Hey Pie, what's up?"

"Nothing much. I'm just getting food from the outside."

I nod. I grabbed Pen, placing him in his bed and kissed his forehead and whispered an goodbye. I went outside to find Liy, smirking and crossing her arms. "What is it now?"

"Want to go talk to some of the other survivors?"

"Yeah.. Sure."

"Okay! Let's go on our next adventure!"

There's no convincing her when she says that.. I walk behind her, as she arrived to the central hub to find Tennis Ball by himself, crying. "W-Wha?" Tennis Ball looked up, "Oh... hey." I approached him, sitting next to him. "Where's GB..?"

"She died."

We were startled. "W-What?! How?"

"By me."

MWHAHAHA CLIFF HANGERS NOW THATS HOW YA DO ONE

Sorry but

You win an ship and you lose an ship

Bless Fireafy and I just had to kill GB.. (she was an favorite hhh)

Chapter 10 ; Fight or Flight

(NOTE: SOFT NSFW HHH, touching stuff, not privates)
Tree's POV
[continued]

"W-What?" I turned around, and found Book, who twitched. Tennis Ball stood up, and hid behind me. "S-She killed her! N-Not lying!" Liy growled. "Run."

"H-Huh?"

"I'll take care of Book, both of you, RUN!" She yelled, as she began to get to Book, fighting her off. We ran for our lives, we had to tell somebody... Barf Bag's steakhouse! Let's go.

Narrator's POV

Liy began to try to rip out Book's pages, as they both fought. Book wanted to get Liy, and began to grab her and throw her down. Liy coughed up blood, throwing herself back to flip her switch.

She was really trying to kill Book. She needed to stop death by killing her. Suddenly, Book grabbed an bat, striking Liy on the head, making her flip back to her plastic form and fainted.

Book grinned, dragging her away.

--

Tree and Tennis Ball arrived in Barf Bag's steakhouse, soon being spotted by Leafy and Firey, who were enjoying an fresh steak. Barf Bag came out, waving with an welcome smile. "We know who's the Serial Killer that Zero mentioned." Everyone froze, gazing at the duo.

"Book... She killed GB, and I'm scared Liy's also dead!"

Everybody was stunned. Leafy stood up, shaking her head. "Knew it. We need to find an way to find if Liy's still alive and possibly save her. We also need to stop Book!" She cried. They all agreed, and decided to prepare for an.. investigation.

Liy's POV

I woke up, to an flickering light. I looked around in my surroundings. I must've been kidnapped by Book, darn.. I looked up, finding Teardrop chained up, without an arm. I was scared as hell.

I noticed Book, coming down with an smile. "Ah! Your awake, you've woken up to an performance that I know you'll love～" I shuttered at the thought, but watched.

Teardrop was being tortured, her limbs being cut off, her organs opening.. She couldn't scream, and I began to feel nauseous at the sight. Book laughed, and glanced at me. "Come on.. She's already dead by now!"

I was pissed. "Just stop.. This is wrong." I suddenly felt her touch my face, with an grin. I began to feel uncomfortable.. "Stop touching me." I grumbled.

"Hah, you'll be much more fun... When your training is complete."

Saw's POV

I couldn't watch. I ran outside, crying out to find somebody to help me. Book is evil, and using me as an weapon hurt so much. I looked around, but apparently I forgot to look forward, than tripped.

I heard an shattering sound, getting up to find the remains of Ruby. I was crying even more.

I just killed another person!

Flower soon ran, grabbing me with an angry face. "How DARE you fucking kill my friend." I began to stutter, and couldn't form words.

"What'cha gonna say, you big baby?"

"IM SORRY! I had to run away, I didnt mean to shatter her!" Flower was suspicious, holding my grip tighter. "Run from WHAT?" She began to sass me, and I began to cry even more. "B-Book! She's killed GB and tortured Teardrop to death!" I spluttered, at this point I was bawling. But Flower dropped me. "Oh my... Come! I'll go tell about you." Flower grabbed me, and began to act pretty nice.

Suddenly, I heard an door open with Snowball and Lightning chatting to each other. They glanced at me, "Hey Flower, why is Saw here anyways?" They seemed to be rather relaxed. "He witnessed 2 murders."

"W-Wait.. WHAT?" Lightning gasped in horror. "Yeah.. Book's been killing people left and right! I couldn't handle it, so I had to run." The others were getting worried, I could tell on the looks of their faces. "Y-Yikes... Also, where's Ruby?" Lightning looked at Flower. I decided to say it.

"I accidentally shattered her on my way here." Snowball and Lightning looked at me as if I was insane. Snowball approached me, and punched me in the face. "H-Hey! What the hell was that for?" Snowball chuckled, and grinned. "Welcome to the team! Also, I'll beat up that stupid novel for ya."

"O-Oh thanks!"

"No problem on my end."

Firey's POV

Great, now I really don't have an good feeling about this. We decided to go to my house at the Loser's to simply relax and be safe there. Everybody there seemed to welcome Leafy.

Leafy simply was hiding out in my room, nervous about everybody outside. I could clearly tell why. I gently began to speak to Leafy, being careful not to burn her as I sat by her. I kept my distance. "You okay?"

"Y-Yeah! I am, dont worry."

"If you say so.."

I glanced away, sighing. I was glad to have her, but I didn't want to end up the same fate as TB and GB. The day ended, and Leafy decided to sleep on the beanbag in my room. So, we just slept.

Tree's POV

Poor Liy.. Leafy and Firey decided to go to the Losers District while I took TB to the mansion. He was amazed, to say the least. Pie noticed me, and waved. "How was your adventure?"

"Not good." I gestured to Tennis Ball, who was shaking. "Woah, what happened?"

"Book killed GB, and I h-have an feeling she's k-killing her team and Liy." Tennis Ball stated, stuttering between words. Pie's eyes widened, but brushed it off. "Well, we have to fight somehow. We can't just flee, or we would be hunted down." Pen said, as he climbed down the stairs. I assumed he must've overheard about it.

"Don't forget, we should try to prevent as much death as we could possibly."

"Yeah, I get it Pie. But how?" I asked, rather nervously.

"We'll just have to strategize and plan out." She said, as she stood up. "I agree." Tennis Ball said, he seemed to he determined to avenge for his girlfriend. Which I get, I would do the same if Pen died.

I just hope Pen wouldn't.

Eek depressing for all the characters, sorry liy baby but your not gonna like thizz

Also I cant like not publish this, was meant to be saved tmrw but I cant leave you on cliff hangers forever ugh

Chapter 11 ; Slice of Life

Coiny's POV

There's only 5 of us left, well if you count Leafy on our team. Firey shared us the news about the two dating, and honestly it was pretty predictable.

I was glad Pin and I survived, we're the last of WOAH bunch after all! We went downstairs to find the others just chatting.

"Hi Coiny! Hi Pin!" Needle waved, with an welcoming smile. "Hey Needle. What's up?" I asked.

"Nothing much." We chatted for a bit, and decided to go outside to go to Barf Bag's steakhouse ; as an team.

Living the life of an Loser ain't bad when you got friends with you.

Barf Bag's POV

After waving goodbye to Grassy and Blocky, I heard as the bell on the counter ring and went up. I waved, and noticed the entire team together. I smiled, willing to give them an treat!

I went inside of the kitchen, to cook up some steak, after an few minutes, I went outside and gave them a knives and forks. Though, as I placed the knives down... Leafy seemed to be horrified and cry. It... was odd, so I left them to deal with it.

I took in an deep breath, after looking at it. I've been thinking of things I wish I hadn't. My mind blanked out, and I could only feel emotions from the past.

"Leafy, you okay?" I glanced to where the voice was, which was Firey. He began to pat my back. I faked an smile, trying to not make him worry about it. "Y-Yeah.." I tasted even more metal, and I coughed.

"..I gotta go."

I ran out, in an desperate hurry. This isn't real. It can't be, no. No..

NO.

I looked at my hands, they slowly turned metal. I gagged. I needed to escape this place, I couldn't survive looking like this.

I could never revert...

Never.

Cake's POV

Wh... Where am I? I got up, and looked around in the vast empty forest. I must- Oh my god.. Where is half of my face?!

I slowly got up, to find Donut staring at me with an smile. "Gh-!" I jumped back, nervous. Donut chuckled.. "Call me Zero. You looked dead, seems as if you've been in an coma!"

"Wait.. What?'

I survived something I was never meant to, the next thing I know that I'm in an house, with an picture framed with all of the losers. Except that Eggy's, Loser's, Clock's, and Leafy seemed to be photographed into the group. It was odd.

What changed?

Firey's POV

As we had ordered our meals and got them, Barf Bag came out worried. "Hey Barf Bag, what's up?"

"Well.. Donut gave me this paper, I must say, congrats." We were all confused as we exchanged glances with each other. I took the paper, and read it. "C-Cake?!" I was surprised as everybody else read it.

They were all so happy, and our eyes were in awe as we saw Cake walk in, nervous. His face was hard-bitten off, but he was alive. He chuckled, "..Hey guys." He murmured, as he stumbled forward to us. We were happy to have him back, and hoped we could keep him for good.

Liy's POV

I've been stuck here for fucking days. I felt betrayed, forgotten and ditched. Book only gave me some old stale bread and water. This is tiring, I need to escape before this freak kills me.

I was tempted to scream for help, but she'd obviously hear. Though.. I don't think I'm getting out of her anytime soon. I felt myself twitching, of insanity in this place. I'm pretty sure I figured out her intent.

And... I need to prevent that from happening, I can't go back to my old motives, never. But.. I'm just scared, seriously. I don't want to die.

I don't want to kill or even hurt anyone.

But I feel like I'm at my breaking point, I just hope somebody is out there, trying to figure out an way to help me.

Eventually I hope they do... I sighed, silently awaiting for Book's next attempt. I think I might snap sooner or later, so I need an way to escape. Soon.

I looked up to find Book, with an grin. She had some sort of taser, and I nervously chuckled. "D-Don't you dare." I glared at the taser as she turned it on. My eyes widened at the sudden light, she began to get closer. As her shit-eating grin began to get bigger. I was backing

up to the wall, trying to avoid it.

I couldn't.

I felt an shock go through my body, as it felt like tons of needles are repeatedly stabbing. I screamed in pain, I couldn't think. I felt myself blank out, as the surroundings around me blurred and soon faded to an dark black.

Flower's POV

Ugh, it's been awhile. Well, Saw wanted to go confront Book once again.. But I had to quickly stop him, he's too weak and would be prob used to kill somebody else again.

Honestly, we all have been just relaxing, but Saw began to get Snowball all riled up, well, I guess there's no going back. We're bound to have to try to tackle Book someday and save Liy, was it?

I'm unsure, but I would rather let her rot and die.. But I guess she did survive that long.

Leafy's POV

Metal. Held with an knife in hand, without any control.

Heh... I'll be coming to visit.

The bushes gently move, as I sat, looking up to the beautiful skies. The memories come back, giving me an feeling of trust and hope.

But, they're all gone. They ignored me, rejected me. Tried to execute me.. What's the point of trying? I stand up, with an chuckle. There's no point in hiding! I wouldn't doubt my friends, but... They've all left me, so that means I have none! Even better, nobody to try to have guilt with... Well, I guess it's time.

"I'll be coming for you."

Liy's screwed, poor Leafy, and OMFG FLOWER DO SOMETHING

Ok thanks cya

intermission 3 ; TYSM BRO

Dude, tysm for 200 reads! I'm really proud to be uploading and sharing this story with you.

Chapter 12 ; Trailing to Insanity

Liy's POV

No... No. NO! I can't give in now, I've taken an deep breath, and looked up to Book with an growl. She had an grin earlier, but frowned at the sight of me not giving in.

She held an wooden bat, and chuckled. "God, you're one tough cookie... What if..." She grabbed my water and food. "I don't give you your needs? You'll surely go insane like that!" I was starting to give in, with an upset face. "God, you're really stupid."

"What the fuck did you just say?"

I shifted myself to the side, giving an snarky grin. "You're stupid. You may be an dictionary, but you forgot to look in yourself!" I said, with an laugh. Book grabbed me, and smacked me with the bat, pushing me back. I cried in pain. "Gh...!"

Book chuckled. "You're honestly weak yourself, I'll make you stronger evnetually." She had walked away with an snarky grin. I sighed, feeling hopeless.

Leafy's POV

Stop. I screamed out. Feeling in pain, I couldn't be shown like this. I stood up, clenching my fists. I felt an voice, behind me. I croaked, as I turned around in fear.

Firey stood there, shocked. "W-What's going on.. Leafy?" He was taking steps back, afraid. I reached out. "W-Wait! This isn't.. ME!" I screamed in pain, as I felt something hold me back. Firey backed away in fear, turning around and running. I reached out, trying to grab him, but I felt myself dragging back.

I turned around to see Zero, pulling me away. I was screaming out for help. "S-Stop... PLEASE!" I screamed out, as I only saw darkness.

X's POV

I nervously chatted with the 3, just hanging out. I've gathered some notes about each of my.. Teammates? That sounds odd saying it. I suppose, here's my notes!

Bell seems to be rather hyper, and cheerful. But she's rather sassy and fussy. I suppose after her thing with Taco, that would seem fair.

Puffball is overly positive, and it's obvious she nearly overdoses on happy pills. I suppose she's the best person to talk to for an happy mood. Though that's kindof an understatement cause she always cries and stuff.

Fries is one of the best people to relate to. He attempts to stabilize the entire team, and comforts both of them. It's a bit too obvious that he has an crush of Puffball. But I don't really get into love life that well so.. I'll leave them to it.

I decided to go outside, and run around to spot Grassy who runs up to me and hugs me. "O-Oh! Hi Grassy!"

"Grassy is happy to see X!" He shouts, Blocky runs close behind to see me. "Oh hey X."

"Hi! I'm glad to see that you two made it."

"Yeah, same. Grassy's been awful sad, so this comfort is nice."

"That's nice to hear! I gotta go though." I began to run off to get some groceries and turned around to wave goodbye. They waved back. I could honestly get used to this! That was until I've had the worst thing occur to me.

I wish I had never experienced it. Let me tell you.. about that.

Narrator's POV

X woke up to find Zero facing him, with Leafy tied up next to Zero.

She was moving around, crying for help. X got up, startled by the sight. "W-What the hell?! Why is she metal?" X began to look at Zero, nervous. He froze up. "...She's soon to go on rampage, and guess what? You're the first victim!" X was nervous, and growled.

"Four, just stop! This game isn't fun anymore." X called out, holding Four. "...I get you love to harm others, but this sick game you think is fun will kill everybody you ever loved!" He cried out, gripping his arms around Zero.

Zero laughed, and pulled X off like an bug. He snickered. "You really think that?" He grabbed Leafy, suddenly making her look in his eyes. It was like an brainwashing process, and X didn't want to see this.

Leafy screamed, as the screams went through yoyle-city alerting everyone of the new chaos soon to occur.

"Shit."

Tennis Ball's POV

After hearing those screams, I knew I had to run to central hub, and I was able to try to find Grassy and Blocky, telling them to spread the message. We had to meet together, and plan an way on trying to finally take down the crazed object.

I arrived, soon noticing as Death Pact and Free Food arrived, I was happy to see them, and X ran in cowering fear. We needed to do something about this.

Zero- No, I refuse to call that freak that. Four has gone too far, and we do truly need to get rid of him, or his.. corruption? Is it possible he's being corrupted as well? No way.

As I saw the rest of the contestants come, we began to plan out. An way to stop this madness..

Once and for all.

Flower's POV

So apparently Tennis Ball wants to plan to defeat an literal god in his

own world. Admittedly, it's stupid, but I guess we have to try. Tennis Ball was super aggressive with his plans.

I suppose it's because Book killed his girlfriend... Well, speaking of Book.. We heard an voice, and footsteps, we turned to find Book...

And Liy.

Tree's POV

Liy..? No, that isn't her. She.. must've been tortured and snapped. Liy had an neutral look on her face, until she flipped her switch and took an knife out. I knew what I had to do.

"SCATTER!" I screamed out, as I darted out in one direction. It was now an game of cat and mouse, fight or flight, kill or be killed. I don't care, we had to go. We couldn't die, because of this freak like the others.

Never. I noticed Pie ran in my direction, seeing her behind me. I grabbed her hand, and pulled her up. "Let's go!" I said, as we began to run. We had to hide, but where? I noticed an abandoned building, and ran in, shutting the door.

I glanced around to find Pie, taking sharp breaths. "You okay?" She asked.

"Y-Yeah.."

"Good, we should stay here till later. I rather not watch death."

"Fair enough."

Puffball's POV

I began to expand, carrying up Fries on me, as Bell followed. We had to get out of here! I was already distressed about Pin and her killing my speaker box. Suddenly, I noticed knives thrown in my direction, turning back to find.. Her.

Leafy, metal and smiling with.. BLUE EYES?! Crap, not her too! The others looked back and screamed, as we ran around to try to dodge

her stupid knives. Just because I talk all sing-song doesn't mean I could be pissed as hell. Obviously I eat happy pills.

But right now, I am NOT in the mood of being happy because of this little piece of shit! I began to direct myself to the side, going through buildings to hide from the various knives thrown. She was skilled in aiming, especially..

Firey's POV

Oh my god... Book keeps on chasing me! I felt myself getting bored from her just chasing me. Suddenly, I felt some- Ow... What was that-? WAIT NONONONO-

I felt water trickle down to my leg, slightly burning it up. I looked behind to find Book with water buckets, I screamed at the sight, and began to run even faster. Why-?!

I suddenly bumped into so- Oh god why her?! Out of everyone it had to- She has blue eyes. I stood up, adjusting myself, as she aimed the knives at me. I took an step back, about to trip into the dripping water as Book caught up to me, to be grabbed by Leafy. She began to run, her holding my hand.. Her eyes were reverted back to normal but she was still metal.

To say the least, she was actually fast.

Grassy's POV

I felt myself suddenly snatched by the top of my hairs... Suddenly to be glared at by somebody I didn't recognize. I saw her smile and hold an.. knife.

I don't think she's cooking.. Blocky told me about knives and how they can be used for also injuring others! Wait... Does she plan on injuring me? WAIT DON'T CUT MY BLADES PLEASE..

PLEASE..

please.

I felt an scream come out of my mouth, as I felt fresh pink stuff come

out of my mouth. Like.. the ones from TB's house. I cried, as I felt intense pain.

Blocky's POV

I turned the corner to find Grassy's blades being cut by Liy. SHE DID NOT.

I growled, and ran to grab her. Throwing her off her balance. I snatched her knife and crying... I knew I had to do this. I stabbed Liy.

Multiple times.

I saw her cough out blood, and take her final breath. I glanced to find Grassy and picked him up. "Are you okay?"

"Grassy hurt... Grassy see... black."

I held Grassy, crying. He was dead. Because of her. Because of Book..

Because of FOUR..

I miss him.

So much.

It hurt but Grassy is officially dead, we need to hold an funeral for the dude

Also Leafy's not bad shes just having mental issues, and puffball is clearly not okay

Chapter 13 ; The Aftermath

Tree's POV

I held Pie, "You can let go now.." Suddenly, I let go of my grasp. "Do you think it's safe?"

"Yeah, prob."

"Let's go..." I opened the door, and turned the corner to find Liy on the floor dead. She had an knife in her, and I pulled it out to examine it. "Holy... Who would've done this?"

"The only person who would have defended Grassy." Pie said, as he looked around to pick up some bloody blades of grass. "...Blocky." I murmured.

"Yeah, but.. There's an blood trail. Let's go." We began to follow it. It trailed to ABNTT's area, we crossed it. Entering the area and glanced around for any signs of life.

We eventually found Blocky, but he was sobbing to an rock with an patch of grass on it. We soon realized what has occured.

We paid our blessings for Grassy.

Cake's POV

I stumbled around, without anybody to comfort me. I could hardly see, and my vision began to get darker. I looked to find an green and blue figure approaching me and grabbed me. "Gh-!" I screamed out for help, but felt myself slowly losing myself.

I only saw darkness, but I could still feel myself. I just... couldn't see. I moved my body, and felt hands on me. "...You're left off with an warning this time." That's all I heard, after footsteps. I couldn't see.

I stumble back, worried. I couldn't see, sense.. I could only see darkness, but felt an world around me.

Leafy's POV

I'm sorry. I'm sorry.. I'm just sorry. Sorry. This isn't right, nobody should be hurt like this. I grasped Firey, even if my arms burnt up.

I will protect you.. Even if you don't care. I will stop him, for you.

I refuse to lose to the evil forces.

Firey's POV

She won't let go! She keeps on running, this is getting ridiculous. I tried to make her let go my grasp, but she was beginning to tear up, and I began to try to dodge the teardrops. That hurts.

A lot.

After awhile, I grumbled. She suddenly threw me up, I screamed. She threw me up... High. I felt myself land on an bush, and saw Leafy climbing up some steps.

"Don't worry. You'll be safe."

"I promise."

Narrator's POV

Firey was angry, as he got off of the bush and faced Leafy. "Let me ask you this. Why should I trust YOU? After all this time... You've changed." Leafy froze, "...It's because I love you. More than you will ever know. I regret every bad choice I make because of you."

"Every good choice, I cherish because of you.." Leafy took her hand out. "I don't need to sound cheesy and all, but, I seriously want you to light my heart up." Firey chuckled. "Wow, you're actually cheesy."

"Hey!"

"Don't worry, I'll light you up." Firey gently hugged Leafy. "Gh-! That

burns!" Firey let go, glancing to the side, placing his left hand over his right arm. "Let's set aside our differences, and forget about the past."

"Yeah."

Pin and Coiny continued to run, but heard something in the distance. "What was that?" They ran to it, and noticed it as Cake. He had no eyes, and was trying to call out. "H-Hello? Anybody there?" Pin sighed in relief. "Yeah! It's Pin and Coiny! What happened?"

"I-I don't know! I saw some blue and green figure as they got close than bam! I can only see black! Am I dead?" Pin and Coiny glanced at each other nervously. Pin looked at Cake with a nervous look. "Uhh.. I think Book ate your eyes?"

"Wait.. WHAT?"

"Yeah uh, your eyes are missing... Cake.. You okay?" Coiny asked, with an weak chuckle.

"I lost half of my body, now my eyes. What's next, my legs?! Oh my god, just kill me already!" Cake complained.

"Here, uhh.. let's take you home."

"Fine..!"

Short chapter sorry, I was kinda making this for filler also cause I didnt want to rush this stuff

Chapter 14 ; Fallen Angel

Blocky's POV

The next morning came along, and I woke up to hear footsteps on the roof. I walked up, to find TB standing there, looking to the outside. I approached him, anxious.

"Hey.. Dude, what's going on?"

"..I don't feel like I've done much.. For us. For the others. For her..." He explained about his guilt, and how he believed GB's death was his fault for being so clumsy. "Nah, don't worry! You've done everything you possibly can." I rested my hand on his, as he looked out to the sunrise and glanced back at me.

"Maybe your right. I suppose we have to stick together somehow."

"Yeah."

Firey's POV

It felt like an never-ending fight. I honestly just wanted to end it all, with the remaining survivors. Together. The thing is, I noticed somebody coming up the staircase where Leafy was. She must've as well, and looked in the same direction as myself.

Soon, X walked up, alongside of Bell, Puffball, and Fries. "O-Oh! Sorry for invading this space.. These 3 had to escape from Book." I laugh. "No worries!"

"Yeah.. No- Where even is Zero? He's supposed to be the one killing us. Now it's one of us? What's the logic in that?" Leafy commented, confusing us. "W-What?"

"N-Nothing!" I think she broke the fourth wall... Ah, whatever that

means. We shrugged, but Leafy chuckled. "No seriously. Where is-"

"Right here."

We turned to find Zero standing there, arms crossed, impatient. "H-How did you..?" X was worried, beginning to panic. "I'm right here, and I need to get my next victim! Shall I bring you all here?"

"Dude, this isn't an public execution sort of thing." Fries growled.

"Pfft, why not? That's certainly fun."

"NO IT ISN'T!" X shouted, beginning to cry, Puffball and Bell came over to comfort him while Leafy, Fries, and I confronted Zero. "What even is your deal?"

"..What happened to the Four we used to know?" Leafy asked, with crying tears. "Did you get corruption? Is something wrong?" Zero began to freeze, irritated.

"..Nothing is wrong." They were nervous. Two voices were heard, as they separated into two different voices? "What the-?!" Donut's voice was heard, "Gh-! I can't control myself!" Four screeched as the voices began to merge in confusion. Everybody stepped back, scared.

This was the end.

X's POV

...What did he mean by can't control himself.

Something is wrong, and I began to step forward, pushing everybody else back. It's my responsibility to reason with Four. He's the only one who was with him for most of his life. I walked, taking my steps slowly as "Zero" began to fight with themselves, and I froze.

Nervously sighing. "Four... Do you hear me?"

"..I can.. hear you."

"W-Wha? Well... Four, whatever is troubling you.. You can tell me! Tell us all.. We could fix it!" I shouted, hoping that Four was still

there. The one... who he was used to, his friend.

The one he loved like an father or brother, or even... an husband.

"..I.. can't.."

"W-Why not..?! What scares you, Four? Nothing usually does! I know how you feel.." I said, as I held the part where my "heart" would be, trying to connect to my friend. The one that I've met all those years ago, back in Math Playground. Where I learned my value.

But the true value is..

Love is greater than any other value. Even hate.

Leafy's POV

I stepped back, as I listened to X's words. It touched me, and I felt I deserved to treat Firey the same way X treats Four.

With Passion.

"..Everything hurts. An force that I cannot control, that feeds off of my anger."

"You can fight it, Four! I know you can. Donut, what's with you and your emotions lacking?"

"...I can't.. feel. Only... pain." Donut's voice was heard, breaking my heart. Two fused into one body, it must be an pain. They could hardly separate their voice, but you can hear an hint of their individual voices.

"..I wish you both could see. Why, I love you. Both of you, and I love everybody here." X began to get closer to Zero, as he was about to hug. Zero's eyes turned an sharp blue, and cut an deep gash into X, pushing him back. Everybody screamed to hold him.

He coughed blood, and had an weak smile. "..Maybe.. another.. day." We all began to place bandages, and attempt to recover the poor soul. He was an angel, but perhaps fallen from the depths of heaven. Coming here to save our souls from the demons that await.

Puffball's POV

No, X can't be dead. I used my mouth to gently wrap bandages on X's wound. Hoping that Zero would've left. But... I looked up, to find them walking closer. Having an even bigger smile every step. It horrified me, and I knew I had to defend them.

I turned large, and went infront of the group, tackling Zero with my size. "Get... OFF!" I heard the mixed voice yell, as they threw me back, giving me an large cut in my fur. I groaned, as I saw it stain red.

I went in for another attack, making sure to dodge their strikes. I knew I had to take him down, I couldn't let them die. Never! I began to come in to finally finish him off, but felt myself suddenly cough... Blood and Rainbows, everything began to get blurry and dark. And I smiled.

To take an last breath, to find an bright blue flash, only to see black.

Fries' POV

After trying to repair X, I looked up to find Puffball attacking Zero, she seemed to be confident to put an devastating blow.. But I saw her, as Zero grabbed her, stabbing his fingers into her fur, making her cough and close her eyes and threw her like she was an stupid plush animal.

That got me riled up, and I stood with tears in my eyes. I wiped them clean off, and used my fry as an sword, and ran in to try to finish her job. I made sure to supply myself with multiple lives, as I sharpened my fries for this moment. I felt myself get attacked until I found Bell swinging herself to throw him off balance.

I grinned, as we came in to finish him off and give him an devastating blow. This was for puffball, this was for our team..

This was for the contestants.

This was...

For X.

I was about to slice him, but he suddenly disappeared, and I groaned. Now I know he was still out there and he probably has an plan on trying to murder us.

Great... Just GREAT.

Coiny's POV

We all huddled together in Pin's room. Pin, Needle, and I... Reminding me of WOAH bunch. Pin was sweating ooze, and Needle was trying to plan an way to tackle Book.

We were discussing, and enjoying ourselves until we heard an scream. "What the-?!"

"CAKE!" Pin screamed, as she opened the door to fall to her knees, crying. We followed close behind, and found chocolate stains all over the rug with blood mixed in it. "W-What the?! Book..?" We began to look around.

This isn't good. There's an murderer in our home and they killed Cake! I cried in pain. That was devastating, and Needle was beginning to run around the house to search for any other evidence. There was none.

Suddenly, I heard an scream from beside me to find Zero trying to kill Pin. I scream and try to tug him off. He dug his fingers into her, and blood oozed out. I cried, horrified at the sight.

He hissed at us and soon disappeared as Needle came and saw us both. "P-Pin?! What happened?" She was nervous, and hugged Pin tight. I nervously was anxious, looking around. "Z-Zero tried to kill her! We need bandages!" We ran upstairs to her room and gave her bandages to cover her wound

This was insane.

uh oh zero's going haywire that's not good but.. wheres book?

Chapter 15 ; The Hunt

Saw's POV

I noticed myself breathing heavy. I had to hide, but where, how? I'm the last person besides that thing on Team [BLEH]. I tried to clean the old blood off of me from the poor people I was forced to kill without ny will.

I took an deep breath, and turned the corner to come face to face with Book. She was twitching and laughing. I began to take steps back, but she ran for me. I cried, as I booked for it. (No pun intended.)

She seemed to chase me, and I felt like I was being hunted down, and being hunted down is no friendly experience. I tried to hide through buildings, and try to disguise myself, but she clearly knows me.

I just don't want to die, or be used as an weapon for somebody else's evil motives.

Book's POV

I'm only blinded by my judgement and guilt, killing others only to bring them down in this shit-hole with me. Saw is the only person I want.

I care for. He forms my plans of death and deception, that's all.

That's all I needed.

I'll be the one to hunt, like an sly fox hunting an dumb bunny. Mere weaklings picked off by predators, like me. Oh well. I've crossed 3 off of my list of victims, I only have 2 more.

To get rid of ABNTT, I need to kill Tennis Ball and Blocky. I'll pick off

the rest one by one and win the grand prize of whatever Zero speaks of.

Tennis Ball's POV

I kinda doubt myself, but there's an hunt now. For Book and Zero, we need to take them both down. Sooner or later.

We can't just wait, and let them pick us off one by one like mere ants. We need to stick together. Blocky sat on the couch, glancing at the team photo as everybody had their face crossed out besides mine and his. He was patting Grassy, while I was looking up to GB, who sat on me.

It aches my heart to see their faces crossed out with what seems to be fresh blood each time. I guess that confirms all of them died. Except us 2.

The photo had hurt, we were all fairly close, and had something to relate to. Sadly... Only a fourth of us remain. I suppose we have to avenge for them.

We are all that's left. We continued to talk, mostly about basic things to get to know each other. Blocky and I never have been exactly that close. He only joined cause of Grassy, who was his son. No wonder he

killed somebody for Grassy.

I guess we all have someone.

Fries' POV

She's gone mad.

The other night, Bell and I were talking together. Rather with an passionate interest to know each other more. We haven't exactly gotten to know each other as teammates. So we decide to try to get along, that was until I heard heavy panting and screaming. "Uh oh- Puffball-?!"

I ran upstairs from the house to open her room, it was covered in rainbow everything. The sight was terrifying and it made me want to puke. "Hey what's goi- WHAT THE?!" Bell was frightened.

We walked inside, and found Puffball in the corner, crying. Nearby was an medication bottle that was empty. "..I ate the last one. I ran out." She whimpered, as I kneed down and began to pet her. Those pills were the only thing that got her through this.

We must've been here for awhile. I was unsure if they had happy pills. We quickly rushed out for the pharmacy, she couldn't handle the pressure without having those. They tell us...

They ran out. Me and Bell exchange looks in fear and horror. Puffball was going to go mad, and problady die due to stress. I murmured some words before crying out. "I should've brought spares!"

"No no, Fries, it's okay!" Bell attempted to comfort me and it kindof worked. But I felt shame and me unable to help my close friend and watch her slowly die is the worst thing to happen. We said our last goodbyes, before leaving her in her room to rest in peace.

Taco's POV

Gone. All I see is blood, everywhere. I groan in pain, waking up to see myself tied. Wait, huh? I'm not in Tean Ice Cube's house anymore...

I glance around, to look down to find Book, proudly looking up at me, twitching. "I've finally hunted you down... After all of my fucking efforts, I get to KILL you at last!" She laughs like an insane maniac.

I screamed, squirming. I didn't want to die, and especially not by her. Suddenly, I heard an door open and yelling. I glanced up, finding Saw, Barf Bag, Naily, and Tennis Ball storm in, fighting off Book. I suddenly get untied by Saw. "Wait, you're not dead?" I was surprised, until Saw pointed at her blades.

She was a murder weapon. I was beginning to get pissed, and lunge at Book to kill her, but felt myself pushed back and noticed her running for TB. He begins to scream, as he feels blood ooze from all over. What the fuck?!

What's going on.

The last I see is Tennis Ball screaming for help, and suddenly I see black.

--

Damnit TB, as long as u go dont commit die I guess lol :/

Chapter 16 ; Confront and Comfort

X's POV

My life is.. I hate to say it, but absolute shit. Puffball had died of what I assume was overdosing, and it's been rough for all of us. I felt alone, and we had to let go 2 more of our survivors.

I want to confront Four. One final time, and if I fail... I suppose there's no saying death can be impossible for some. Though, I feel hope. Some sort of feeling to end it all results with me. I'm just worried, I miss them all.

I just want Four back.

Blocky's POV

Today seems fairly calming, except the fact... He died. He is gone. It had to be him. I don't even think Nickel is alive, and he moved teams. I'm in this single team, by myself..

I'm a Better Namer, but... Is there any possible hope that somebody whom had went missing is still very alive? I highly doubted this myself. Until, I noticed an particular thing on TV's portrait. Blue and Pink, it had began to form, taking over the cross mark...

What's going on?! I rushed out, afraid.

Pie's POV

I looked at our portrait, photographed and framed above our couch. I looked at it, and noticed as Remote's pink X turned blue, and suddenly disappeared. My eyes widened, rather surprised. I felt as I was about to blow, until I fell and wheezed. "Ow." Tree ran, "You

okay?" I point at the portrait, showing Remote. "Sh- Wait, if the X mark is gone.. Does that mean she is possibly still alive?!"

"It's very much possible..." Pen walked down, looking at the portrait surprised. "Remote is alive." Pen states, with an shocked tone. I gazed at it. Suddenly, I heard an loud knock on the door, and Tree opened it.

"R-Remote..?!"

Bell's POV

God, when you're stuck with the person you havent even interact with much. It's sort of annoying. Well, I guess I could pity Blocky for his.. depression sort of thing. I dont know how to explain it, I got the news of TB dying.

Hopefully none of us die so we don't get brutally depressed. I've mostly been concerned over X and Nickel... Nickel seemed to have figured an way to kill himself and make him nonexistent. X is off.

He seems to be going insane, or is that just me?

Saw's POV

I was crying, they're all gone. Everybody I've cared for. I was all alone, suddenly until Taco approached me.

"What do you want...?" I cried, glancing at Taco. "I want to comfort you, and well, care for you. Even if you haven't in the past." I smile, weakly. "Thank you.. I'm just scared."

"We will fight Book, together."

"R-Really?"

Taco's words surprised me, but I smiled. "Yeah! Trust me, we will take her down." I felt inspired, and ready to fight. I stood up, with an grin. "I'll fight!" I say, confidently.

"Now that's the spirit, come on. Let's just go hang out at Blocky's for a bit." I nod, "Gotcha." We began to walk, until somebody approached

us from behind..

Book.

She was twitching, smiling like an maniac. She grabbed an razor-sharp knife and tackled Taco. I pushed Taco out of the way, and began to fight Book. "Don't do this...!" I cried.

"I'm doing this, for Icy! For HER!" Book replied, and threw me over. She ran to Taco, wanting to kill her. Taco ran over to me, and grabbed me by the grip. I screamed as they both fought.

"Gh-! Taco what are you doing?!" Taco sighed. "I have to do this, or Book will kill us both!"

Slice..

The next thing I knew, Book was dead, on the floor. I gasped in horror. I was used as another weapon. Again. No.

Stop, please. Book looked up, and suddenly her eyes changed from an lighter blue to an darker blue. "...I'm... sorry...my..team." Her last breath and words hurt me mentally.

I can't do this anymore.

Taco's POV

I finally got rid of her, though... Her voice, was she possessed by Four? I worried, but hoped that was merely her bickering. I sighed, and looked at Saw.

Saw was uncomfortable, and crying. "N-No..." She was upset, startled, and angry. I was confused, but realized what I just did.

I used her as an weapon.

Like Book had... Am I just as evil as Book? Killing people with Saw? No, she was guilty! Evil! Or... Was she?

What have I done...

Taco omfg what did you do

Chapter 17 ; Endless Pity

Edit; SHOOT I FORGOTBTO PUBLISH THIS IM SO SORRY

X's POV

I'm scared. I feel like I'm going to die somewhere in this place. I continued onward to find more dead, we're dying like flies. I looked on my contestant tracking list I was given early in the season.

Looks like Book's dead.

I quietly looked at the remaining few. It was so little, and.. I was honestly crying, I just wish Four would come back, as.. themselves. The remaining few were:
Bell, Fries, Blocky, Pie, Tree, Pen, Saw, Taco, Lightning, Flower, Snowball, Naily, Barf Bag, Coiny, Firey, Leafy, Needle, Pin... and..

Remote?

I checked it the other day, and noticed it was crossed out. But, it's gone. Remote is alive? I was in relief, but began to worry what happened, and if she had bad intent. The Losers, Death PACT, and iance seemed to be impacted the last.. While Beep and ABNTT seemed to be hurt the most from Four's..

Mistake?

I don't know, but I hoped no more than these 22 people would survive. Including myself, Donut, and.. Four.

Tree's POV

Hello, so... Remote's back, but Pen has gotten much more distant from the rest of the team. And isn't talking to me anymore, the one who loves him. I'm beginning to get a lot more concerned for him, so

I left Remote with Pie.

I knock on Pen's door, but realize it was unlocked. I opened it to find blue ink everywhere, and saw Pen sitting there, holding an knife with blue ink on it. I was horrified, "P-Pen...?"

"Leave."

"Pen, what's going on with you..?"

"Tree, I said leave. NOW." Pen said it so firmly, as he held his knife out. "Pen, what are you doing?! Are you cutting yourself?"

"Only my tip..."

"PEN, THIS ISN'T GOOD. Do you need help?!"

"N-No." Pen hesitated, but confirmed his answer. I looked around the bedroom to find various messages written in the ink. 'Help.' I was surprised. 'I'm going to die.'

'I'm sorry.'

'Don't hurt me.'

I was really irritated, and tried to leave, but glanced behind to find Pen standing, he got off of the bed and looked at me with an depressed smile. He held his arm up, the one with the knife, and threw it, hitting the door. It was awful close.

I screamed, and exited quickly. I had to go, HE'S INSANE. PEN IS INSANE. HELP, PLEASE.

NO HES INSANE.

STOP PLEASE.

PLEASE.

please.

no.

Remote's POV

Pie and I were only talking, until we heard Tree scream. We jumped up, and bolted to try to find Tree. "T-Tree?! Are you okay?" Pie called out, nervous.. Tree opened the door, some of himself cut and scratched. He was missing part of his leaves and branches from above, and had scratches all over his bark.

"What the hell-!?" I was startled to find him so weak, and noticed all of the blue ink around his body. "Pen tried to FUCKING KILL ME!" Tree was angry, while both of us were shocked. Pie tried to shake it off, but felt too much emotion. "I can't-!" Pie cried.

Pie shook her body, trying to calm down. "No, no no.. I'm not exploding, no." She fell to her knees, and took an deep breath, trying to stop herself from exploding. I took steps back, worried. She stood up, and sighed.

"I'm good."

"What even happened to Pen..?" I asked, Tree sighed. "L-Look for yourself." He began to stutter, and cry. I comforted him while Pie entered the room and ran out, gagging. "Gross..." She muttered.

I went in the room, and found Pen dead on the bed, with an knife through his body. His face was pale, and seemed to be surprised. His body was covered in his own blood, staining the bed. It was pure blue, and I uncapped him to find his tip roughly cut and bleeding. I backedaway. "You did that..?" I was startled. Tree nodded, with obvious guilt.

"Dude. You just caused death, but I suppose I can't exactly blame you for such crimes." Pie mumbled. "We'll have to try to not kill anymore people, please." Pie said, with her hands in an fist. "Yeah." I agreed. We decided to spend the evening in Pie's room, and tried to stay close so we all don't turn insane...

I hope TV is dead.

Flower's POV

We replaced together as close friends. I enjoyed Snowball's and

Lightning's comfort, but... I'm nervous. Suddenly, I see white.

Just white, and I realize I have to go. I suddenly run out the door.. Lightning and Snowball tried to follow behind, but.. they were too late. They died cause of Four's blast as it took them away, gone without an trace.

Watching it horrified me, and I cried, holding myself. I felt unstable, angry. I took an deep breathe. I had to leave, before he finds me. I run, going to Blocky's house. There's no time to waste. I need somebody, comfort. I lost my entire team, in one go. I miss Ruby.

I miss them all, even Fanny who was annoying as hell. I arrive and open the door, and find Blocky crying. "..Hey?" I felt awkward, as Blocky looked up, startled.

"Oh, hey."

"Sorry if I bothered you, I have an similar case on my hands."

"What..?"

---

um cliff hanger yeah uh enjoy owo

Chapter 18 ; Lifeless Acts

I took an deep breath. "Blocky, the rest of my team died." I said, firmly. Blocky froze. "Oh.. you too, huh? I suppose you can stay, things have been pretty rough lately."

"Thanks.."

"Nah, just don't harass me and tell me to stare at your ugly face."

"Excuse me?!" I was pretty irritated at Blocky's snarky move but took an deep breath. This isn't the time for that bullshit. "You know what, nevermind... I'll just leave you alone." I went to go to one of the rooms, as I opened it, I instantly knew whom it was meant for.

My robotic clone. It was an similar replica, but had some more technology, I envied her. "My room now." I snicker, but decided to not joke of it and get my beauty sleep.

Gotta look beautiful in every situation!

Leafy's POV

He finally cares, he finally does. I'm still metal cause apparently Gelatin died awhile back, disappointing. I... I just hate coping with myself.

Firey had decided to sit next to me, and ask me what was wrong. "N-Nothing.. I guess."

"I guess? Something is wrong, Leafy, what's going on?"

"I-I just don't work well under pressure."

"You always work well, anytime. Something's bothering you. I know you that well."

I chuckle, and looked up to find Firey looking down, and glanced at me, turning red before looking away. "Do you now? Than look at me, bravely." I teased, with an smirk. "N-No, Leafy..." Firey muttered, than chuckled. "You know exactly what's up. Firey, do you actually love me?" I asked.

Firey hesitated, and looked back up at me, and grinned, he was blushing pretty hard. "Y-Yeah. I have been until recently cause.. You know. Stupid move on my part, admittedly." I laugh. "Wow, I didn't even know you did. I'm stupid."

"No, dont worry."

"Really?"

"Yeah, dont worry!"

We laughed, and than suddenly kissed. It was kindof sudden, and honestly its embarrassing. "Je-"

"DID YOU TWO JUST SMOOCH?!" Coiny yelled, screaming in excitement. We look at Coiny, embarassed. "W-What?!" I began to stutter, and Coiny kept on fangirling. "Oh my god, you two did!" Pin walked in to find Coiny screaming, and ran to hold him back. "What the hell-"

"THEY KISSED!" Coiny attempted to point to us, as we whistled and looked away, blushing.. "That's cute and all, but seriously?"

"YEAH!" Pin sighed, and dragged him away. Firey and I looked at each other, and began to laugh and talk for the rest of the night, falling asleep on each other.

X's POV

I woke up in the middle of the night to hear squealing. "H-Huh...?" I rub my eyes, and begin to get up, and walk to find Firey and Leafy sleeping on each other. Oh god, they actually like each other now?

I wrote down some mental notes, and grinned. I took out the paper and looked at it, and drew love hearts on their names. That is honestly adorable, though wait. Pen's name is- Oh god he was

murdered... Yikes. I.. I won't ask, I put away the paper and gently walked to find the area dark.

It was an nice night, so I went outside to the Yoyle berry fields and sat there. Suddenly, I felt somebody touch my arm. I nervously turn around to find Barf Bag, who was sort of crying.. "What happened..?" I asked, nervous.

"Four had killed Naily, that was my only teammate left. Well except Donut, but he's host and literally an murderer-ish now?" I was startled to hear even more death. I soon look at the paper to find Snowball and Lightning crossed off two.

"Beep has none... iance, Team Ice Cube, and ABNTT has only one. Bleh and Free Food has two. Death Pact has three, and the Losers is currently in the best condition of 5 members." Reading it out loud sent chills down my spine. "The Losers are likely the next target... But, which person is it?" You wondered. Barf Bag shrugs. "Maybe Pin and Needle."

"You may be right."

"I hope not..?"

Needle's POV

I woke up to hear screams, and soon ran downstairs to find blood, blood everywhere. "W-What the hell?!" I was surprised to see so much of it everywhere, and suddenly felt myself get tackled.

I turned around and grabbed Zero by the arms, struggling to move away. I felt myself screaming, as I heard Zero begin to screech. I heard nothing after awhile, and felt myself get dizzy and black out.

For good...

I'm sorry.

Coiny's POV

I woke up, yawning. I suddenly look around and find Pin isn't in my room. She was last night.. I get up, and casually go downstairs to

find..

Blood, Pin, and Needle lying on the floor, dead. I scream and cry. "NO! PIN!" I rushed over to Pin's body, and try to shake her to wake up. Her eyes were torn out, and blood dripped from the tip of her point and mouth. I cried, in desperate pain. "IM SORRY! PLEASE..." I cried, as Leafy and Firey came downstairs, horrified.

"Oh my god... Did Zero do this?" Leafy asked. I looked at her, and nodded slowly. "I think so. Needle's 'ears' are blown off." Firey stated, as he examined the bodies. I was really upset.

The captain is dead, and the boat is sinking slowly, and she never had an chance against Zero. I felt myself go into despair, and felt shock run through my body, as I began to cry out.

Leafy tried to comfort me, and had gently patted me on the back. There was nothing I could've done. I hated this. I felt guilt weigh me down, as I was silent.

I will take revenge.

I promise.

To Pin.

???'s POV

I'm sick of this. I suppose this disguise won't last much longer. Would it, Four?

What the fuck are you doing?

I'm just doing my job. You should do yours. Just get Donut to stop crying over Gelatin, he died months ago.

You do realize it's all your fucking fault, right? You refuse to revive them.

I know, Four. Just shut the hell up and grow up, this is reality.

I wish you didn't exist.

Nor do I. Because, I dont. I'm just somebody who is in your mere head, and you let it take advantage. Look who's the damn fool now?

"We're nearly done. I promise."

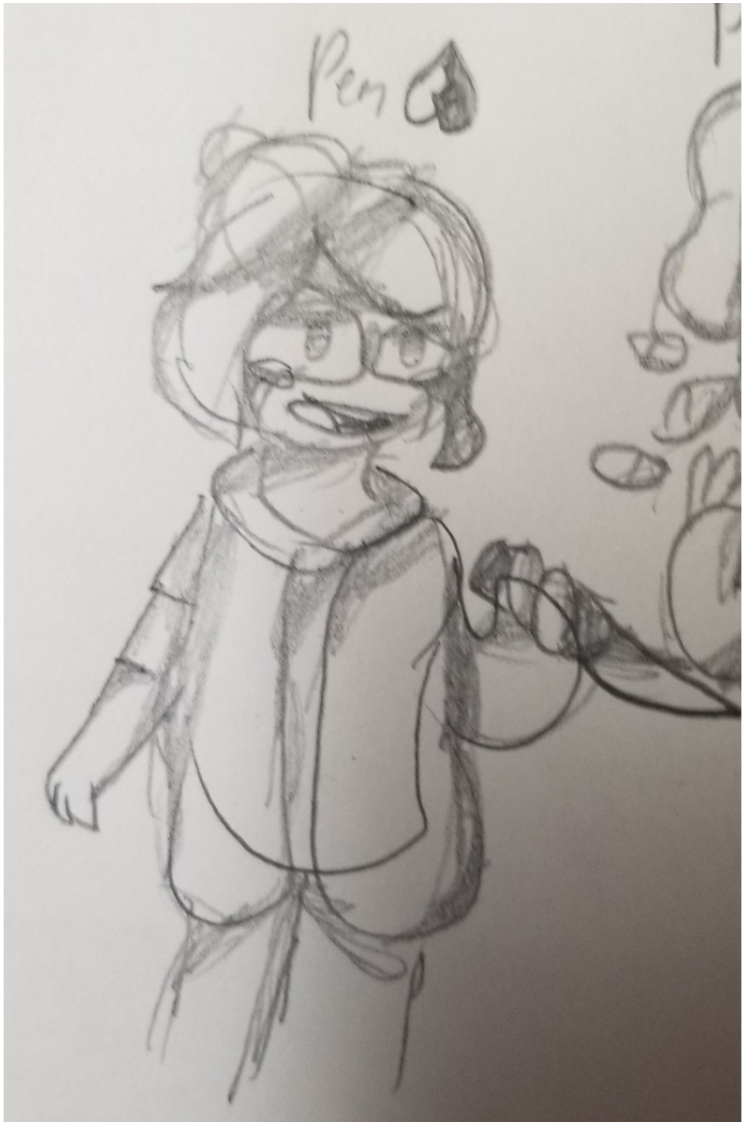
"We will be free soon."
---

are you really promising now? how stoopid is that

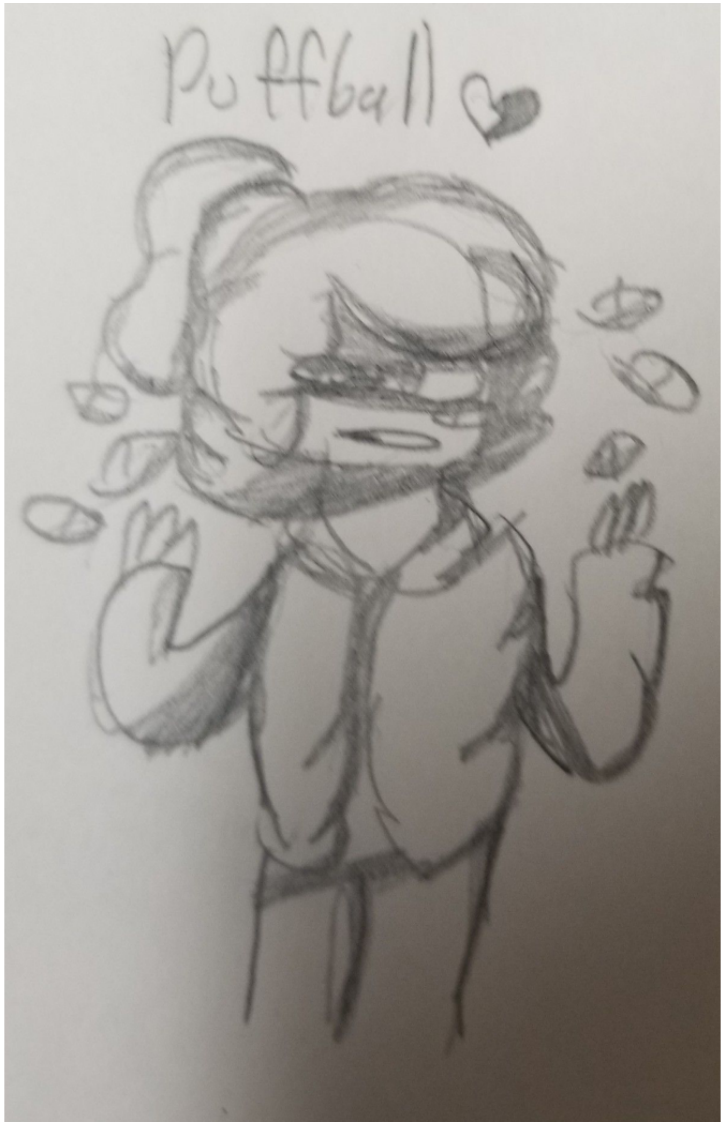
well I'm just gonna tell you the book will end soon <3

Intermission 5 ; Redrawing Deaths!

-Humanoid Form! Cause I suck at drawing objects. Also, no spoilers unless you skipped ahead all of the freaking chapters, than you're bad. Enjoy.



Pen



Puffball

Glasty

GolfBALL

That's about all of them. I'll explain their cause of death and injuries! Cause why the hell not, detail the evil stuff.

-Puffball-

She had overdosed, and turned insane with the lack of her happy pills, and slowly killed herself overtime, beating herself with her depression and anxiety. She would've killed somebody if her room

wasn't locked.

-Pen-
Driven by madness, he attempts to kill Tree with a knife, but fails to. Shortly being stabbed in the chest by Tree, and dying peacefully on the bed.

-Grassy-
Liy cut his blades, or arms in an humanized version. Causing him to bleed to death.

-Golfball-
Book ambushes her, cutting her eye out and dying due to lack of care for it and bleeding out the unreversable damage.

-Cake-
Partially eaten by Zero than eyes eatened off by Book. Zero did the finishing blow of cutting up Cake and exploding the pieces everywhere at the murder scene.

Sorry for the brutal explanations, thought to explain each death! <3

Chapter 19 ; Targeted

Taco's POV

I ran, looking everywhere for Saw. Where was she?! Well.. My questions were answered in the most horrible way possible. Suddenly, I had an glimpse of Saw, and turned around to find Zero ripping up Saw like an mere toy.

That.. thing is strong. I ran, crying. NOW MY ENTIRE TEAM'S DEAD. I felt like an traitor, merely running until I saw somebody in the distance.

Flower. She was crossing her arms, and took deep breaths before noticing me. "What the-?!" Suddenly I tackled her, crying.

"Woah woah woah. Why are you crying?! What the hell happened?" I wiped my tears. "I'm the last one."

Flower hesitated, "Oh.. Come on, join us." I was confused, until Flower dragged me to find Blocky. "Huh? Did another team have one person left again?" I shrugged. "I suppose, Saw died earlier."

"Damnit."

I sighed, and faked an smile. I had to take revenge, and avenge for everybody... Even Book.

I miss them.

My friends, enemies, heck, even some people I've never talked to.

Fries' POV

I was calmly sitti- Wait. No, I'm not calm, I'll never be. I was only drinking some tea, until I suddenly saw Bell's string cut by Zero, making Bell fall and die. For god's sake.

It's already so early and I have to witness an death already? Puffball's was heartbreaking and now this? What type of bullshit is this game trying to make me turn into?

It was so early, yet too late.

You know what? Fuck this. I'm going out. I can't deal with even watching Bell's dead body rot. I'm still unsure how she died, but she certainly had. I suddenly found myself outside in the fields, enjoying the day.

"..He's alone too." I turned around to find Barf Bag talking to X. "Wh-?" I was confused, until Barf Bag sat next to me. "5 of us lost all of our teammates." Barf Bag said, so... I'm not alone. "The only few standing is Death Pact and Losers, but 2 just died from the Losers. So, I'm nervous about Death Pact." I nod, "They're going to drop like flies." I winced, "I feel like... They're choosing one of each team to survive.. To fight against each other. For the prize." I said, shuttering at my own words.

"Maybe!"

"Yeah, you know.." X approached nervous, interrupting me. "I'm going to try again!" They state, confident.

"X?! You're going to get yourself killed!" Barf Bag cried. I shrugged, but I didnt have an good feeling about this. Barf Bag cried out. X sighed. "I believe only I can fix this. I will fix it, I promise!" Everybody was silent, and nodded. "I.. understand."

Remote's POV

I spent the next few days with Tree, comforting him over Pen's loss. Pie, seemed to be unstable, feeling emotions. They looked like they were about to explode out of nowhere.

I got concerned.

Pie suddenly went outside, without notifying us. "Tree, follow me. We need to see what is Pie trying to do." Tree was surprised. "Pie? She's just chill. What's for her?"

"Don't you think she's been a little.. too distant lately?" I asked Tree, and he sighed.

"Yeah, but.. Do you think something is wrong?"

"Yes. I do."

"I guess we should go." I got up, and began to run out with Tree to figure out which direction Pie went. Once we figured it out, we began to follow Pie, and hide when they have an chance of spotting us.

Something was up and we needed to prevent it.

Firey's POV

I was sitting by myself in the living room, simply eating some leftover burnt toast I made. As I ate it, I suddenly saw the door burst open and Pie walk inside. "Wh- Hey Pie, what do you need?"

Pie was silent, and grabbed an cup and began to fill it with water. I stood up, nervous. "Pie.. What are you doing-?!" After filling the cup, Pie looked at me. Her face was neutral, something wasnt right. I began to walk, but began to fasten my pace. "Firey.. Come here for a moment, can you?"

I froze, hesitating and soon walked to Pie. "What's up?" Pie grabbed the cup of water, soon splashing it on me. "GH-! WHAT THE FUCK PIE?!" I screamed in agony, and felt myself disappear into thin air, only leaving black.

Remote's POV

As I saw Pie walk into the Loser's house, I saw her come out with an slightly pleased expression, and walk away in the other direction. I look at Tree in concern.

"Oh shit what did she do..." Tree mumbled, suddenly we heard screaming. We exchanged looks. "WHAT DID PIE DO?!" I panicked. We ran inside the house to find an puddle with smoke and Coiny crying.

"Firey's DEAD." Coiny screamed out in fear. "W-What?!" Tree was

shocked to hear Pie actually killing somebody. "I heard his iconic scream, he died. Somebody poured water on him!" We look at each other.

"Pie did it."

"YOU KNOW?! What the fuck?"

"Yeah, Pie actually killed somebody. I dont know why." Tree said, cautious.

"We ha-" Suddenly we heard an explosion. "What the-?!"

Tree's POV

I heard an explosion, soon running out to find where it was from. It was until I stepped on something, and I looked down.

It was some sort of blue substance, as I looked to find lots of it ahead. I tasted it to find it as.. Blueberry.

Pie is dead.

Pen is dead.

They're all dead, besides the murderer who killed Bottle. They're all dead.

Dead.

I.. I regret my choice, I'm sorry Pen. I really am. I'm such an evil person. I'm sorry. I'm sorry. I'm... sorry.

Leafy's POV

HESDEAD.

He's gone, gone, dead. Firey. I'm sorry. Why. Why... Who. Why. How..? I'm sick of this. I WILL KILL HIM. I SWEAR ON MY LIFE. DEAD. DEAD. DIE.

...go.

2nd to last chapter for this book! :0

Now this is going to get interesting. For sure.

Quick new update!

Hey everybody, since the book is going to end soon, I'm going to place up an new updating schedule.

I will post the chapters everyday, but two in the afternoon due to chapters being skipped. Mainly the important ones.

Sorry! <3

Chapter 20 ; Heartless Finale

X's POV

I got myself gather everyone. Only 9 people left, I'll finish this for everybody. I refuse to let them suffer for any longer. I just... refuse. I took my stand. "I'm sorry." I held myself.

"I'll help, and try to tell Zero to stop." I promised, to myself and to them that I will do it. I will make it come true, if not...

Its Game Over.

Fries' POV

It felt like we were outnumbered, but yet it was only one to all of us. I crossed my arms, sighing. "Only if Puffball was here.." I muttered to myself.

"I just want Donut back." Barf Bag complained, she was next to me, and we exchanged glances. "Hopefully when we cure Four, we could have him revive everybody and continue the show? I mean... We'll have to cut some of the footage and get new footage, but.. That's not a big deal." I nodded. "Yeah."

"Only if."

Blocky's POV

We all sat together, but I felt myself at tugged and dragged already. I yelled. "LET GO!" I cried out, as I suddenly looked behind to find... Donut.

He seemed to be fighting among himself, holding my hand with one arm while using the other hand to make hand gestures to himself. It was like.. 3 people arguing. I wasn't sure until I heard their voice.

"Do we HONESTLY have to do this?"

"I DONT WANNA DO THIS ANYMORE!"

"Shut up you two and kill him already!" The first 2 voices were so familiar, but that 3rd voice.. It was the mixed voice we were all familiar with, but it appeared to be a different being combining the two to make this monster of an object.

"I REFUSE!" Four screeched. I felt myself falling, as they let go of their grasp. I was caught by Barf Bag. X was shaking. "Four, Donut..?" They reached out their hand for the familiar yet unfamiliar object were all knew.

"...X, you need to go. NOW."

"But I want to help, Four!"

"Four is right, come on. We need to fight our own battles!"

"But you have been, AND YOU HAVENT WON!" X yelled, the object was startled and was irritated. They went up to X, the irritated face turned into an smirk, as they grabbed both of X's arms. Everybody gasped in horror as they brought X up, mocking us.

Narrator's POV

X squirmed. "Let me go! What the hell EVEN ARE YOU?" The object began to hold back tears. "..We are just an mistake." Suddenly, X screamed, as he felt one of his arms tear off.

The contestant's eyes began to widened in fear, as Leafy suddenly turned metal and jumped up to tackle the object, letting go of X. X fell, but was suddenly caught by Remote. "You okay?"

"N-No.." He revealed his arm, which was nearly torn off. Remote was surprised, and sat to tend to his wounds. Leafy was fighting the object, trying to make it fall. "How dare you! HOW DARE YOU KILL FIREY!"

Coiny froze, and hesitated as he looked at Tree. He was also nervous about it. "...Uh-" Leafy fixated her gaze at Coiny. "T-They didn't kill

Firey..." Leafy was surprised, and suddenly was thrown back. "GH-!" She screamed.

X stood up, shaking. "..You need to stop."

"W-What?" The object began to lower, but fight among themselves. "Look, X. You need to go, this isnt safe."

"I don't care! I'm sick of being treated like some stupid baby!" X pouted. "Four.. This is for you!" Everybody looked at the two, as Remote and Tree ran to try to save X.

X...

He began to hesitate, but grabbed the object. Beginning to fight it, "Zero, Four, Donut, whoever you are... You must know. Your ways are WRONG!" X felt himself beginning to become angry, and blasted the object. "What the-?!"

"Wait, when the hell did he have your powers, Four?"

"I DONT KNOW."

X took an deep breath, and took out their hand and smiled. "Just become good, just.. stop your doings and revive everybody you've harmed, mentally and physically." X stated, firmly.

The object hesitated. But took the arm, soon being lifted up. X grabbed the object, holding it. "T-This better work!" X hesitated, than pecked the cheek of the object.

Remote and Tree ran, but stopped and gasped. Everybody did, X kissed Four-ish? It was sudden, but Leafy got up. "....If he didnt kill Firey, than who did?" She was crying.

Coiny sighed. "P-Pie.."

"HER?! WHERE THE HELL IS SHE?"

"She exploded soon after, I assume of guilt?"

"You got to be fucking kidding, RIGHT?"

Donut's POV

I hesitated, and looked over to Four. They were pretty damn unstable, and seemed to be fighting the corruption that purged him while I hosted. I couldn't let the Factor of Four take over. I needed to bring both of us back. I felt myself take control, and spoke.

"...Get a syringe... Suck out Four.." I gasped out of exhaustion, soon feeling like darkness surrounded me. I couldn't feel anymore, and felt myself unstable. I hoped Four would end this, once and for all.

It was his job to.

Four's POV

FUCK OFF MAN! I heard myself growl, and tried to get that stupid thing out of my damn mind.

Nope!

At this point I wonder who even are you.

I'm Zero, I've already classified that.

Well, whoever you are.. Zero, you need to fucking stop hurting my contestants.

Now, why should I? You cant fight back to your true instinct.

INSTICNT? DO YOU REALIZE HOW MANY PEOPLE YOU HURT.. EVEN X?!

You know what to do, this is yoh-

DONT FUCKING START ON THAT. I will fight you, and whoever wins this will keep the body.

"Four, dont do that."

Donut how did yo-

"Just, dont. All.. you gotta do is believe."

WHAT TYPE IS CORNY THING IS THAT?

"I don't know just stop being an angry asshole and kill them already"

THAN I WILL.

I felt myself separate from the body, blackness filled until I woke up to the normal world. "F-Four?!"

X's POV

It seems as if Four broke through, but he seemed to be sure on killing what I assume is Donut? "That THING is still in his body."

Well crap, suddenly I felt myself get grabbed by Four. "W-What the hell are you doing?!" I scream, squirming to make him let go.

"I NEED YOU TO KISS HIM."

"Wait.. WHAT."

Everybody stared at me, quiet. "What- WHY?!"

"That's inappropriate! Come on..." Remote complained. "You're going to make all of the 4x shippers mad!" Blocky said, literally breaking the fourth wall.

"You're not supposed to know that..." Four glared at Blocky, as he was startled and hesitated. "I-- We all ship you two!"

"Oh."

Flower and Taco exchanged glances, confused. Honestly at this point I am a lot more confused than usual. Leafy was shrugging, as she looked at me. She seemed to stabilize and was her normal green again.

This is why we can't have fangirls making AU stories-- Wait I'm not supposed to know that.

(yeah your not.. wait what)

Let's just get back to the story.

Anyways, Four began to throw me at Donut. "KISS HIM!" Four screeches, demanding. I refuse to. "I would only kiss you!" I cried.

"JUST FUCKING KISS DONUT, JUST ONCE."

"NO!!!!" I screamed.

Taco's POV

I began to question the mentally unstable hosts as they argued on kissing Donut. Flower just looked at me and shrugged, rather unsure. "..Yeah uh, I dont even think this is funny anymore."

"Yeah..." Suddenly as I looked back, I just see X kiss Donut and fall back. They were clearly embarassed. Donut hesitated, and began to shake themselves, unstable.

"..Why did you even make X do that?" Tree asked Four. "The creature is full of hate, and LOVE removes hate!"

"That's... cheesy as hell." Fries points out. Four grumbles. "I know, that's why I wish it didnt exist."

"Oh well?" I mutter under my breath. They seemed to calm down, until Donut shot his eyes up. The originally blue / red eyes were gone. "H-Huh? Do I actually have my entire body back?"

"I think so."

Blocky's POV

"So uh- Four, can you revive the rest of the contestants?" X took out his paper, and gave it to Four. "Yeah, I think I can..."

Suddenly, most of the other characters began to reappear, except for the eliminated ones. Suddenly, Four gazed at Leafy and Liy, who escaped from early death. "One of you need to go." He says firmly.

I was silently praying Leafy stayed, while petting Grassy's blades. He was back, and I was crying, but I noticed the blades have adorable cute pastel bandages. I suppose that's an side effect.

"Leafy, you will be allowed to re-compete in BFB once we allow to do so."

"Okay.. Thank you!"

It was an happy ending, at last.

The ending we all deserve, the ending we have to remember for awhile. Most of the show was fake, but the events that had occured.

Were far from fake.

-

end.

OMFGGG ITS DONE I FINISHED FSSS

also if you want to actually make part 2, comment and tell me to! I'll try to discuss it over with Mono. ;)

Bonus ; Ships

The main ships: Fireafy, Tengolf,
Tren, and 4x

I'll write a little story for each character after the book. After all, things have changed a ton since the event occurred. Also! I would like to say in this AU I believe that BFB the actual show is acted out while the events that unfolded in this AU actually occurred. Four also has the powers as an reality, so when characters die, they actually do get revived.

Now let's back to it, starting with Fireafy and ending with 4x!

-Fireafy-

Leafy's POV

We decided to actually get back together. Firey's been ignoring me for real, but from the script we have to still ignore each other until the upcoming moment. It was kinda odd to have Four actually send us to an new dimension, or what I assume is his hometown.

Four brought back everybody, as we decided to rebuild Yoyle City so we actually have an place to live at. I feel valued as the nights set. I couldn't honestly believe that I still had an love interest in the guy after all this time. Even if he killed me with that stupid ferris wheel back than.

I managed to control my anger issues, and not turn metal randomly and rampage. Though, I do sometimes eat Yoyle berries, kindof an addiction. I've mostly befriended everybody else. But most of the others from BEEP still hate me from that one episode, even if it was just an act.

I guess I'll live over it.

-Tengolf-

Golfball's POV

After dying with an saw right to my eye, I think I got over it. I couldn't say the same for TB. He seemed to be unstable and anxious, but warmed up. We both honestly hate Book, and we kindof well made more inventions.

We are an science duo, but we took our platonic friendships to an larger scale, turning it.. into? Uhh, what was it?

Oh yeah, an Love Relationship. Most research on this unknown will be done and I will record my thoughts and actions to show affection towards my love partner, TB.

-Tren-

Tree's POV

I'm not forgiving Pen. I had to politely decline and remove any contact with him. He's unstable and insane, unfortunately. Though, I've actually gotten to befriend some of the others. Honestly, they're not as bad as I thought.

Perhaps this team could be more closer, as an friend group? Anyways, we restarted the stupid episode and it went smoothly now Four wasn't legitimately inside of Donut.

- 4x -

We're actually dating. To be honest, we were sort of dating during the show so... I guess it's offical? I mean... Four is honestly just an great guy and I just..

Fell for him? I'm unsure. Donut seems to approve, and felt embarassed of me kissing him. No biggie! Anyways, I guess this is the end of my story.

ok no seruously

I'm likely making a sequel or rewriting this garbage because I CRINGE EVERYTIME I SEE THIS STUPID BOOK.

no joke but I'm prob rewriting or making a sequel cause what even is this?

I've actually mentioned dead characters as alive, horrible grammar, and I was such a horrible writer-

So what do you all think?

final update of this book.

Due to problems with the creator and co-creator, Mono. This book will not be getting a sequel or any recreations involving this AU. I advise you to stop reading and find a better book to hype for.

I'm sorry.

Lastly, I will attempt to make one more AU-themed survival book for any visiting Factor Zero fans wanting to read violence of any kind on my books. This will be posted either mid-late 2020 or 2021. Thanks for reading this shitty book~
